Subject: Programmatic Agreement

Dear Dr. Cole:

I write in furtherance of our overall agreement to exchange pieces of real property, which is progressing well.

As you know, the draft Programmatic Agreement (for the mitigation of potential adverse effects on the property at Third and Chestnut Streets as a result of the land exchange) is in circulation for comment among the signatories. We recently received comments from Jean Cutler, Director of the State Bureau for Historic Preservation. They are attached in a PDF. (See attached file: ARC VAFO land exchange SHPO PA cmts.pdf)

As you can see, in Ms. Cutler's opinion, the American Revolution Center should be a signatory to the Programmatic Agreement, reflecting ARC's pivotal role in this process.

Although we understand that ARC initially declined to be a signatory, which is not a problem procedurally, in light of Ms. Cutler's comment, we need to formally invite the ARC to be a signatory to the Programmatic Agreement. We would appreciate your considered written reply to this invitation.

We will be addressing her other comments on behalf of the State Bureau of Historic Preservation separately.

I regret being unable to participate in next week's ARC-NPS call but look froward to the next time we talk.

Sincerely,

Cindy
