THE ADVISORY COUNCIL ON HISTORIC PRESERVATION

REGARDING THE EMERGENCY SUPPLEMENTAL APPROPRIATION TO THE
HISTORIC PRESERVATION FUND FOR DISASTER RELIEF
TO HISTORIC PROPERTIES
DAMAGED BY
HURRICANES FLORENCE AND MICHAEL, AND SUPER TYPHOON YUTU

WHEREAS, the Secretary of the Interior operating through the Director of the National Park Service (NPS) is responsible for the programs of the National Historic Preservation Act (54 U.S.C. 300101 et seq.). The NPS administers the Historic Preservation Fund (HPF) which was created to fund the programs identified and created by Section 108 of the National Historic Preservation Act (NHPA) (54 U.S.C. Chapter 3031) including grants to State and Tribal Historic Preservation Offices to assist in efforts to protect and preserve their historic properties; and,

WHEREAS, the NPS has obligated funds appropriated from the HPF, pursuant to Public Law (P.L.) 116-20, making Emergency Supplemental Appropriations available for recovery activities in areas of the States of Alabama, Florida, Georgia, North Carolina, South Carolina, Virginia, and the Commonwealth of the Northern Mariana Islands; and,

WHEREAS, the NPS State, Tribal, Local, Plans & Grants Division, as professionals qualified under the Secretary of the Interior's Historic Preservation Professional Qualification Standards (36 CFR 61), manage the Emergency Supplemental HPF (ESHPPF) appropriation; and,

WHEREAS, \$47.8 million of the ESHPPF appropriation is to be apportioned by formula to the named State Historic Preservation Offices (SHPO) (referred to as Grantees in this Agreement) to allow funds to be used for historic preservation projects providing relief to damages in areas that have received a major disaster declaration pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.) as a result of Hurricanes Florence and Michael, and Super Typhoon Yutu which occurred in September and October of 2018. Declared disaster areas are identified in Appendix B; and,

WHEREAS, ESHPPF Grants to Grantees have been awarded based on the meritorious application and the availability of funds. The dollar amounts of this award are between \$1,000,000 and \$20,000,000. The actual amounts to the SHPO are based on need with the application supporting the justification for the sum requested. The normal non-federal matching requirement was waived in

the public law, however non-federal cost share was considered as a competitive factor in the award process; and,

WHEREAS, eligible activities include reimbursement of costs necessary to complete compliance activities required by Section 306108 of Title 54, (Section 106) and its implementing regulations, “Protection of Historic Properties” (36 CFR 800); and costs needed to administer the grant program; and,

WHEREAS, the ESHPF Grants can be used to fund undertakings (as defined by 36 CFR 800.16(y)) that have the potential to affect historic properties and thus require compliance with Section 106; and,

WHEREAS, Grant funds are intended for costs needed to administer the grant program; costs for the preservation, stabilization, rehabilitation, and repair of historic properties that are listed in, or considered eligible for listing in, the National Register of Historic Places (historic properties) damaged by the above-named storms within such areas; costs for preparing, executing, monitoring, or revising covenants for historic properties; costs for developing planning studies, condition assessments, and specifications for repair and stabilization of cultural resources; and costs for survey and inventory of historic properties to determine eligibility, degree of damage, and provide preparedness for future disasters. These grants are intended to support preservation of historic properties; and,

WHEREAS, the NPS has consulted with the Advisory Council on Historic Preservation (ACHP), and the SHPOs, as the Grantees, for the States of Alabama, Florida, Georgia, North Carolina, South Carolina, Virginia, and the Commonwealth of the Northern Mariana Islands pursuant to 36 CFR 800.14(b) to find an alternative method to meet its obligation under Section 106 of the NHPA; and,

WHEREAS, the effects to historic properties cannot be fully determined prior to the release of ESHPF funds, and therefore a Programmatic Agreement (Agreement) as allowed under 36 CFR 800.14(b)(1) is appropriate to govern the implementation of the ESHPF program for the purposes of Section 106. The emergency nature of ESHPF Grants limits the NPS’s ability to follow the typical 4-Step Section 106 process and this Agreement is intended to aid in streamlining the response; and,

WHEREAS, the NPS has concluded that given the scope of the damage and impacts resulting from Hurricanes Florence and Michael, and Super Typhoon Yutu, the ESHPF Grants, while intended for historic preservation activities that adhere to The Secretary of the Interior’s Standards for the Treatment of Historic Properties (the Standards), may have adverse effects on historic properties; and,

WHEREAS, the majority of actions performed by the Grantees or their subgrantees have limited potential to have adverse effects upon historic properties beyond actions relating to archeology and data recovery, or projects that relate to bricks and mortar repair, or those projects that lead to inadvertent discoveries (See Stipulation VI(B)); and,

WHEREAS, pursuant to the consultation conducted under 36 CFR 800.14(b)(3) and considering comments received, the signatories have developed this Agreement to establish an efficient and effective alternative for the Section 106 review process for historic properties in the States of Alabama, Florida, Georgia, North Carolina, South Carolina, and Virginia including allowing subgrantees and contractors chosen by the Grantees to participate in the implementation of the

terms of this Agreement, and for affording the ACHP a reasonable opportunity to comment on undertakings covered by this Agreement. The Commonwealth of the Northern Mariana Islands has not met the requirements of 36 CFR 800.2 and has decided not to be party to this Agreement; and,

WHEREAS, the NPS, under the terms of this Agreement and in accordance with 36 CFR 800.2(c)(4), authorizes the Grantees to allow subgrantees and contractors working on ESHPF undertakings to initiate the Section 106 review process, but the NPS remains legally responsible for all findings and determinations related to the ESHPF Program; and,

WHEREAS, the Poarch Band of Creek Indians were eligible for ESHPF funding for recovery activities as they reside within a Presidential disaster declaration area. The Tribe was invited to apply but did not do so; and,

WHEREAS, other Federally Recognized Indian Tribes (Tribes) in the affected areas of Hurricanes Florence and Michael, and Super Typhoon Yutu may apply to the relevant Grantee for ESHPF funding; and,

WHEREAS, the NPS has notified Indian Tribes within the declared disaster areas of Hurricanes Florence, Michael and Super Typhoon Yutu and Tribes located outside of these locations that have ancestral or cultural ties to the declared areas as per 54 U.S.C. 302706(b) to consult in the development of this Agreement. These THPOs and Tribes were invited to participate in the consultation for this Agreement (October 27, 2020) due to their status as consulting parties by right (36 CFR 800.2(c)(2)) (see Appendix F). The Pamunkey Indian Tribe and the Choctaw Nation of Oklahoma indicated interest in reviewing the Agreement; and,

WHEREAS, the NPS acknowledges that Indian Tribes possess special expertise in assessing the National Register eligibility of properties with tribal religious and cultural significance. NPS remains responsible for government-to-government consultation with Indian Tribes and the review of any undertakings funded on tribal lands; and,

WHEREAS, the NPS, in coordination with the Grantees, has taken appropriate measures to notify local government agencies including Certified Local Governments (CLG) in the affected areas of the availability of this funding, and to involve them, as appropriate, during the development of this Agreement. CLGs were invited to participate in the consultation for this Agreement (November 17, 2020) due to their status as consulting parties by right (36 CFR 800.2(c)(3)) (see Appendix F); and,

WHEREAS, a number of federal agencies as well as national and statewide government agencies and organizations that reside and function in the affected areas served by this grant program have been invited to consult in the crafting of this Agreement (November 17, 2020). Grantees are required to do a public press release regarding the funding available and were instrumental in suggesting interested preservation partners while formulating this Agreement and in forwarding information to those in their specific states throughout 2020. Consulting parties who have indicated interest in the affected areas include the following: American Institute of Architects, Colquitt Historic Preservation Commission, Mathews County Historical Society, Mobile County CLG, National Association of Tribal Historic Preservation Officers, National Main Street Center, Inc., NPS National Historic Landmarks Southeast Regional Office, Sparta-Hancock County CLG, US Department of Housing and Urban Development, Wilmington Historic Preservation Commission, National Conference of State Historic Preservation Officers, and the National Trust

for Historic Preservation. NPS has invited these consulting parties to sign this Agreement as concurring parties (see Appendix F); and,

WHEREAS, the NPS shall take appropriate measures (e.g. PEPC (Planning, Environment, and Public Comment) website, NPS e-newsletter, and NPS website) to notify the public of the existence of this Agreement as per 36 CFR 800.2(d). NPS utilized PEPC, a publicly accessible website, to display the information and take comments on this Agreement;

NOW, THEREFORE, the NPS, the Grantees, and the ACHP agree that the ESHPF Grants shall be implemented in accordance with the following stipulations in order to take into account the effects of undertakings on historic properties.

STIPULATIONS

The NPS, in coordination with the Grantees, shall ensure that the following measures are carried out:

I. Applicability

- A. This Agreement sets forth the process by which the NPS will meet its responsibilities pursuant to Section 106 for ESHPF Grants to Grantees. The purpose of this Agreement is to promote the efficiency of the Section 106 review for projects funded by NPS that have little to no potential to cause adverse effects to historic properties, or that otherwise do not warrant case-by-case consultation with the Grantee or any other consulting party as required by 54 U.S.C. 306108.
- B. This Agreement does not apply to projects located on tribal lands.

II. Projects Exempted from Review by NPS

- A. Project types identified in Appendix C are those that would not typically result in any effect to historic properties regardless of setting or surrounding. The Grantee's Review and Compliance staff will determine if an exemption applies and notify the NPS STLPG (see Stipulation V(A)).
- B. For any project of a type listed in Appendix C, the NPS may approve funding the Grantee without further Section 106 consultation.
- C. The NPS may revise Appendix C of this Agreement without formally amending the Agreement, provided it consults with the signatories regarding any proposed revision, and obtains the written concurrence of the Grantees and provides a copy of the revised Appendix C to all signatories. Grantees will have thirty (30) calendar days to review such requests to revise Appendix C.
- D. As per 36 CFR 800.12, the ESHPF program allows funding for preagreement costs to carry out emergency stabilization and repairs to historic properties. Reimbursement for these emergency actions is considered an exemption.
- E. Any dispute over the Grantee's exemption determination will be resolved as per Stipulation VI(A).

III. Delegation of Responsibilities by the NPS to ESHPF Grantees

- A. Pursuant to 36 CFR 800.2(c)(4), the NPS authorizes its ESHPF Grantees aspects of the routine Section 106 coordination and consultation for all Program projects not listed as exempt in Appendix C as per 36 CFR 800.2. Grantees may independently perform the work and consultation described in 36 CFR 800.3 through 800.6 on behalf of NPS except as provided in Stipulation III(C) below. NPS remains legally responsible for all findings and determinations.
 - 1. ESHPF Grantees must meet 36 CFR 800.2 to be party to this Agreement.
- B. The Grantee may transfer portions of the Section 106 coordination to subgrantees to this program at their discretion. The Grantee, in their oversight of subgrantees, will notify NPS of potential adverse effects to begin resolution of those adverse effects.
- C. NPS is responsible for the following actions, which may not be delegated to Grantees or subgrantees:
 - 1. NPS will initiate consultation with Tribes in accordance with federal requirements for government-to-government consultation;
 - 2. In the event of a dispute that cannot be resolved within 90 calendar days, regardless of the nature (designation of Area of Potential Effect, suitability of consulting parties, phased identification, eligibility, and effects determinations), the NPS shall be involved in the resolution in accordance with Stipulation VI(A) of this Agreement;
 - 3. Consultation regarding the resolution of adverse effects with projects where the Grantee has determined they are unavoidable;
 - 4. Resolution of adverse effects through a Memorandum of Agreement or Programmatic Agreement document.

II. Tribal Consultation

NPS shall remain responsible for identifying and establishing consultation with Tribes pursuant to 36 CFR 800.2(c)(2) and 36 CFR 800.3 (c)-(f). The NPS shall ensure that consultation with Tribes is initiated early in the project planning to identify cultural, confidentiality, and other concerns and to allow adequate time for consideration of such concerns in the planning process. As the Grantees consider projects for funding, NPS will notify Tribes of non-exempt activities via letter and continue to coordinate responses as appropriate.

III. Review of Projects by NPS and ESHPF Grantees

- A. As funds are released to Grantees to begin the ESHPF Grants, due to the nature of the disaster work, all projects will be uploaded into HPF Online by the Grantee and Section 106 review will proceed as described below and illustrated in the Flow Chart (Appendix D).
 - 1. The Grantee will initiate Section 106 review to determine if a project qualifies for an exemption per Appendix C. An exemption is to be determined by a

professional qualified under the Secretary of the Interior’s Historic Preservation Professional Qualification Standards (36 CFR 61). If the Grantee determines an exemption applies, funds will be released for individual subgrant projects with the following conditions:

- a) The Grantee notifies NPS via HPF online;
- b) The Grantee posts exempted projects on a public website to consider views for thirty (30) calendar days and notifies NPS of any dispute in accordance with Stipulation VI(A);
- c) The Grantee keeps a record of the projects that qualified for exemption as per Appendix C.

B. For those projects determined not exempt from review by the Grantee’s Review and Compliance staff under the terms of Stipulation II and Appendix C, the project will proceed as described below:

1. Grantees shall complete the requirements of 36 CFR 800.3 and 800.4 on behalf of NPS to initiate consultation and complete the identification and evaluation of historic properties and assessment of effects.
 - a) Consultation includes those identified in the Whereas Clauses above and Appendix F, as appropriate.
2. If the Grantee determines that the chosen project activity could result in “no historic properties affected” or “no adverse effect,” and submits it to the Review and Compliance staff at the Grantee’s office for concurrence, the Grantee must notify the NPS after thirty (30) calendar days via HPF Online of any concerns from consulting parties, or conditions on approval by Review and Compliance Staff (i.e. “no adverse effect with conditions”).
 - a) Upon notification into HPF Online, NPS will initiate government-to-government consultation with THPOs and Tribes, as per Appendix E.
 - (1) If there are no objections from Tribes within the 30-calendar day period, the project may proceed upon notification from the NPS in HPF Online.
 - a) Any written objections from the Review and Compliance department of the Grantee, the Tribes, or other consulting party during the 30-calendar day review period will require consultation with NPS to resolve.
 - (1) If NPS decides the objection will not change the effect determination, and wishes to support the original “no historic properties affected,” “no adverse effect,” or “no adverse effect with conditions” finding, NPS will request an advisory opinion from ACHP in accordance with 36 CFR 800.4(d)(1)(iv) or 36 CFR 800.5(3).

- (2) If NPS agrees that the objection has merit, NPS and the Grantee shall attempt to rescope or reprogram the funding. New project information will require that the process for review proceed as per Stipulation V.
 3. If the Grantee determines that the chosen project activity will result in an “adverse effect” and that the effect is unavoidable, after consultation with the Review and Compliance staff at the Grantee’s office, Tribes and/or other consulting parties, the Grantee must notify NPS within thirty (30) calendar days. The NPS will notify the ACHP of the adverse effect finding and ACHP will respond in 15 calendar days if it will participate in the consultation. NPS, the Grantee, Tribes, the consulting parties, and ACHP, if applicable, will proceed with the development of a Memorandum of Agreement (MOA) to resolve the adverse effects, as set forth in the initial notice. The NPS will file a final copy of the MOA with the ACHP. The Grantee will keep a record of the MOA and will upload documentation into HPF Online.
 - a) If the Grantee determines that the adverse effect is unavoidable, and there is a dispute between Review and Compliance staff at the Grantee’s office, consulting parties, or Tribes, the Grantee must notify NPS within thirty (30) calendar days. In these instances, NPS will be responsible for making the ultimate finding of effect, coordinating the consultation, and, if NPS upholds the adverse effect finding, the process noted above in Stipulation V(B)(3) will be followed.
- C. **National Historic Landmarks:** Pursuant to NHPA Section 110(f), NPS shall, to the maximum extent practicable, minimize harm to any National Historic Landmark (NHL) and will seek the comments of the appropriate NPS Regional Office (Appendix H) when a project involves work to an NHL property. Projects involving NHL properties are not exempt activities (Appendix C). Notification of adverse effects to NHLs will occur as per 36 CFR 800.10(b).

IV. Administrative Provisions

- A. **Dispute Resolution:** Should any signatory to this Agreement or a consulting party, including a Tribe, object in writing to the NPS regarding any action carried out or proposed with respect to the implementation of the Agreement, then the NPS shall consult with the objecting party to resolve the objection in accordance with the requirements of 36 CFR 800.4 - 800.6. If after such consultation, the NPS determines that the objection cannot be resolved through consultation, NPS shall forward all documentation relevant to the objection to the ACHP, including the NPS's proposed response to the objection.

The ACHP shall provide the NPS with its advice on the resolution of the objection within thirty (30) calendar days of receiving adequate documentation. Prior to reaching a final decision on the dispute, the NPS shall prepare a written response that takes into account any timely advice or comments regarding the dispute from the ACHP, Signatories, and consulting parties, and provide them with a copy of this written response. The NPS will then proceed according to its final decision.

NPS's responsibility to carry out all other actions subject to the terms of this Agreement that are not the subject of the dispute remain unchanged.

If a member of the public objects to the manner in which the terms of this PA are being implemented, they may submit its objection to NPS in writing. NPS will notify the other Signatories of the objection in writing and take the objection into consideration. NPS will consult with the objecting party, and if NPS determines it is appropriate, the other Signatories for not more than thirty (30) calendar days. Within fifteen (15) calendar days after closure of this consultation period, NPS will provide the Signatories and the objecting party with its final decision in writing.

B. Unanticipated Discoveries:

1. In the event that the Grantee, or the Grantee's agent (subgrantee or contractor) discovers a previously unidentified historic property or creates through the ESHPF funding an unanticipated effect on historic properties (including archeological sites, sites of religious and cultural significance to a Tribe, and traditional cultural properties), the Grantee, subgrantee or contractor shall stop work associated with the post-review discovery, which at a minimum, shall require the Grantee, subgrantee or contractor to immediately stop construction at the location in the vicinity of the affected historic property, and take reasonable measures to avoid and minimize harm to the historic property within 48 hours. All parties and Tribes, as appropriate, will determine a suitable course of action within 15 calendar days, as outlined in the signed grant agreement (Appendix A) between NPS and the Grantee. These actions include:
 - a) Inspecting the work site to determine the extent of the discovery and ensure construction activities are halted;
 - b) Clearly marking the area of the discovery;
 - c) Implementing measures to avoid vandalism or looting; and
 - d) Notifying NPS, as applicable, and other consulting parties of the discovery. NPS will notify affected Tribes.
2. If human remains are encountered during project construction, the Grantee, subgrantee or contractor will comply with applicable Federal, state and/or local laws or policy.
3. NPS will coordinate with the Grantee to comply with 36 CFR 800.13.

- C. Curation:** Within thirty (30) calendar days of the NPS approval of the Final Report as stipulated in the grant agreement when all work is completed, the Grantee or their subgrantee shall deposit all archeological materials and appropriate field and research notes, maps, drawings, and photographic records collected as a result of archeological investigations arising from this PA (with the exception of human skeletal remains and associated funerary objects, which may be subject to the Native American Graves Protection and Repatriation Act (NAGPRA) (25 U.S.C. 2001-3013)) for permanent curation with a curation facility which meets the requirements of 36 CFR 79, "Curation of Federally Owned and

Administered Archeological Collections.” The relevant Grantee shall provide NPS with a copy of the curation agreement or, in the case of a state-owned curation facility, a copy of the accession file, as evidence of compliance with this stipulation. Grant funds may not be used for curation beyond the life of the grant.

Archeological collections and accompanying data and records resulting from grant assisted work must be made available for scholarly research by qualified professionals for use in research, interpretation, preservation, and resource management needs. As per 36 CFR 800.6(a)(5), some materials may be exempted from disclosure under Section 307103 of Title 54, (Section 304).

- D. **Amendments:** Signatories to this Agreement may request that it be amended. All Signatories shall consult to consider such amendment. The NPS will facilitate consultation, including notification to the Tribes and other consulting parties, within thirty (30) calendar days of the request. The amendment will be effective on the date a copy of the amendment is signed by all of the original Signatories. Any amendments shall be filed with the ACHP.
- E. **Withdrawal:** Grantees may withdraw from this Agreement upon providing notice to the NPS and ACHP. In the case of withdrawal from this Agreement by a Grantee, NPS and the Grantee shall comply with 36 CFR 800, subpart B, for undertakings that receive these NPS grant funds in that particular state, in lieu of this Agreement. NPS shall consult with the Grantee pursuant to 36 CFR 800, subpart B, in lieu of this PA. Withdrawal from this Agreement by a Grantee does not terminate the Agreement for the remaining Signatories and concurring parties. The NPS may work to develop an individual Agreement with that Grantee pursuant to 36 CFR 800.14(b), to address undertakings in the relevant state funded by ESHPF.
- F. **Duration:** This Agreement shall become effective upon its approval and execution by all the signatory parties and shall remain in effect until September 30, 2028. At any time in the six-month period prior to such date, any Signatory can request an extension or modification of the Agreement duration. Any extension will require an amendment in accordance with Stipulation VI(D).
- G. **Agency Coordination:** Should other federal agencies be involved in ESHPF Grant-funded activities, that federal agency may designate the NPS as the Lead Agency for the purposes of Section 106 reviews for these named storms. NPS, as lead, will coordinate the Section 106 review activities of all Federal agencies and Tribes that participate in undertakings funded by ESHPF. The federal agency may fulfill its Section 106 responsibilities by stating in writing that it concurs with the terms of this Agreement as it relates to the project(s) at issue, and notifying the Signatories that it intends to join this Agreement, and will adhere to the terms of this Agreement. Any necessary amendments will be considered in accordance with Stipulation VI(D) of this Agreement.
- H. **Pre-Agreement Activity:** Where ESHPF funding occurs prior to the effective date of this Agreement, work will proceed under the normal 4-step Section 106 process, as outlined in 36 CFR 800, with NPS acting as lead and Grantee supplying information to NPS for review via the Environmental Worksheet. Projects reviewed and commented upon by the Grantee prior to the NPS ESHPF Grant funding and done in accordance with 54 U.S.C. 302303, which describes the role of the Grantee, and completed Section 106 reviews as per 36 CFR 800, may proceed without additional review, provided the scope and location of work remains the

same. The Grantee may retain a copy of the previous correspondence regarding the undertaking in the ESHPF project file to prove compliance with NHPA.

- I. **Termination:** Signatories to this Agreement may terminate it by providing thirty (30) calendar days written notice to the other parties, provided that the Signatories shall consult during the period prior to termination to seek agreement on amendments, per Stipulation VI(D), or other actions that would avoid termination. If within thirty (30) calendar days (or another time period agreed to by all Signatories) the parties are unable to reach an amendment or other action to avoid termination, the party requesting termination shall notify the other Signatories in writing and the Agreement shall be terminated. In the event of termination, NPS shall (a) conduct individual project reviews pursuant to 36 CFR 800 or (b) develop and execute a new Agreement pursuant to 36 CFR 800.14(b) with each individual Grantee. NPS shall notify the Signatories as to the course of action it will pursue.

J. **Reporting and Monitoring:**

1. Grantees shall be required to retain information relating to the number of undertakings, the areas of potential effect, the identification and evaluation of historic properties, the list of projects exempted from Section 106 review as per Appendix C, and the assessment of effects for individual grant projects.
2. Grantees are required to annually submit a grant management report on August 31st of each year. Such reports shall include any scheduling changes proposed, any problems encountered, and any disputes and objections received.

K. **Counterparts:**

1. This Agreement may be executed in counterparts, each separately and together constituting one and the same agreement. Execution and delivery of this Agreement by facsimile or electronic mail shall be sufficient for all purposes and shall be binding on any party to this Agreement. The Agreement shall become effective on the date of the final signatory.

V. **Execution**

- A. Execution and implementation of this Agreement by the NPS, Grantees, and ACHP evidences that NPS has taken into account the effects of the ESHPF Grant program on historic properties and afforded the ACHP an opportunity to comment.

The notice will include a justification with sufficient detail to permit evaluation of the impact of such a change on the scope of work specified within this Agreement. Any permanent change in key officials will be made only by modification to this Agreement.

ARTICLE XI – AWARD AND PAYMENT

- A. The NPS will provide funding to the Recipient in an amount not to exceed \$XXX for the Statement of Work described in Article IV and in accordance with the NPS approved budget. The approved budget detail is incorporated herein, Attachment A, Condition 1, Approved Project Budget. Any award beyond the current fiscal year is subject to availability of funds. Acceptance of a Federal financial assistance award from the Department of the Interior carries with it the responsibility to be aware of, and comply

with the terms and conditions within this award document. Acceptance is defined as the start of work, drawing down funds, or accepting the award via electronic means.

B. Recipient shall request payment in accordance with the following:

1. **Method of Payment.** Payment will be made by advance and/or reimbursement through the Department of Treasury's Automated Standard Application for Payments (ASAP) system.
2. **Requesting Advances.** Requests for advances must be submitted via the ASAP system. Requests may be submitted as frequently as required to meet the needs of the Financial Assistance (FA) Recipient to disburse funds for the Federal share of project costs. If feasible, each request should be timed so that payment is received on the same day that the funds are dispersed for direct project costs and/or the proportionate share of any allowable indirect costs. If same-day transfers are not feasible, advance payments must be as close to actual disbursements as administratively feasible.
3. **Requesting Reimbursement.** Requests for reimbursements must be submitted via the ASAP system. Requests for reimbursement should coincide with normal billing patterns. Each request must be limited to the amount of disbursements made for the Federal share of direct project costs and the proportionate share of allowable indirect costs incurred during that billing period.
4. **Adjusting Payment Requests for Available Cash.** Funds that are available from repayments to, and interest earned on, a revolving fund, program income, rebates, refunds, contract settlements, audit recoveries, credits, discounts, and interest earned on any of those funds must be disbursed before requesting additional cash payments.
5. **Bank Accounts.** All payments are made through electronic funds transfer to the bank account identified in the ASAP system by the FA Recipient.
6. **Supporting Documents and Agency Approval of Payments.** Additional supporting documentation and prior NPS approval of payments may be required when/if a FA Recipient is determined to be "high risk" or has performance issues. If prior Agency payment approval is in effect for an award, the ASAP system will notify the FA Recipient when they submit a request for payment. The Recipient must then notify the NPS AO that a payment request has been submitted. The NPS AO may request additional information from the Recipient to support the payment request prior to approving the release of funds, as deemed necessary. The FA Recipient is required to comply with these requests. Supporting documents may include invoices, copies of contracts, vendor quotes, and other expenditure explanations that justify the reimbursement requests.

C. In order to receive a financial assistance award and to ensure proper payment, it is required that the Recipient maintain their registration with the System for Award Management (SAM), accessed at <http://www.sam.gov>. Failure to maintain registration

can impact obligations and payments under this Agreement and/or any other financial assistance or procurement documents the Recipient may have with the Federal government.

- D. Any award beyond the current fiscal year is subject to availability of funds; funds may be provided in subsequent fiscal years if project work is satisfactory and funding is available.
- E. **Allowable and Eligible Costs.** Expenses charged against awards under the Agreement may not be incurred prior to the beginning of the Start Date of the Agreement, and may be incurred only as necessary to carry out the approved objectives, scope of work and budget with prior approval from the NPS AO. The Recipient shall not incur costs or obligate funds for any purpose pertaining to the operation of the project, program, or activities beyond the expiration date stipulated in the award.
- F. **Travel Costs.** For travel costs charged against awards under the Agreement, costs incurred must be considered reasonable and otherwise allowable only to the extent such costs do not exceed charges normally allowed by the Recipient in its regular operations as a result of the Recipient's written travel policy. If the Recipient does not have written travel policies established, the Recipient and its contractors shall follow the travel policies in the Federal Travel Regulation, and may not be reimbursed for travel costs that exceed the standard rates. All charges for travel must conform to the applicable cost principles.
- G. **Indirect Costs.** Indirect costs will not be allowable charges against the award unless specifically included as a line item in the approved budget incorporated into the award.
- H. **Recipient Cost Share or Match.** Any non-Federal share, whether in cash or in-kind, is expected to be paid out at the same general rate as the Federal share. Exceptions to this requirement may be granted by the AO based on sufficient documentation demonstrating previously determined plans for or later commitment of cash or in-kind contributions. In any case, the Recipient must meet their cost share commitment over the life of the award.

ARTICLE XII – PRIOR APPROVAL

The Recipient shall obtain prior approval for budget and program revisions, in accordance with 2 CFR 200.308.

ARTICLE XIII – INSURANCE AND LIABILITY

- A. Insurance. The recipient shall be required to (1) obtain liability insurance or (2) demonstrate present financial resources in an amount determined sufficient by the Government to cover claims brought by third parties for death, bodily injury, property damage, or other loss resulting from one or more identified activities carried out in connection with this financial assistance agreement.

- B. Insured. The Federal Government shall be named as an additional insured under the recipient's insurance policy.

The policies shall name the United States as an additional insured, shall specify that the insured shall have no right of subrogation against the United States for payments of any premiums or deductibles due thereunder, and shall specify that the insurance shall be assumed by, be for the account of, and be at the insured's sole risk. Prior to beginning the work authorized herein, [Recipient Name] shall provide the NPS with confirmation of such insurance coverage.

To pay the United States the full value for all damage to the lands or other property of the United States caused by the Recipient, its officers, employees, or representatives.

To provide workers' compensation protection to the Recipient, its officers, employees, and representatives.

To cooperate with the NPS in the investigation and defense of any claims that may be filed with the NPS arising out of the activities of the Recipient, its agents, and employees.

In the event of damage to or destruction of the buildings and facilities assigned for the use of the Recipient in whole or in part by any cause whatsoever, nothing herein contained shall be deemed to require the NPS to replace or repair the buildings or facilities. If the NPS determines in writing, after consultation with the Recipient that damage to the buildings or portions thereof renders such buildings unsuitable for continued use by the Recipient, the NPS shall assume sole control over such buildings or portions thereof. If the buildings or facilities rendered unsuitable for use are essential for conducting operations authorized under this Agreement, then failure to substitute and assign other facilities acceptable to the Recipient will constitute termination of this Agreement by the NPS.

- D. Flow-down: For the purposes of this clause, "recipient" includes such sub-recipients, contractors, or subcontractors as, in the judgment of the recipient and subject to the Government's determination of sufficiency, have sufficient resources and/or maintain adequate and appropriate insurance to achieve the purposes of this clause.

13. Minimum Wages Under Executive Order 13658 (January 2015)

- a) *Definitions.* As used in this clause—

“United States” means the 50 states and the District of Columbia.

“Worker”—

(1) Means any person engaged in performing work on, or in connection with, an agreement covered by [Executive Order 13658](#), and

(i) Whose wages under such agreements are governed by the Fair Labor Standards Act (29 U.S.C. chapter 8), the Service Contract Labor Standards statute (41 U.S.C. chapter 67), or the Wage Rate Requirements (Construction) statute (40 U.S.C. chapter 31, subchapter IV),

(ii) Other than individuals employed in a bona fide executive, administrative, or professional capacity, as those terms are defined in [29 C.F.R. § 541](#),

(iii) Regardless of the contractual relationship alleged to exist between the individual and the employer.

(2) Includes workers performing on, or in connection with, the agreement whose wages are calculated pursuant to special certificates issued under [29 U.S.C. § 214\(c\)](#).

Administration, Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship.

b) *Executive Order Minimum Wage rate.*

(1) The non-Federal entity shall pay to workers, while performing in the United States, and performing on, or in connection with, this agreement, a minimum hourly wage rate determined by the Secretary of the Department of Labor on an annual basis (currently \$10.20 per hour as of January 1, 2017).

(2) The non-Federal entity shall adjust the minimum wage paid, if necessary, annually thereafter, to meet the Secretary of Labor's annual E.O. minimum wage. The Administrator of the Department of Labor's Wage and Hour Division (the Administrator) will publish annual determinations in the Federal Register no later than 90 days before the effective date of the new E.O. minimum wage rate. The Administrator will also publish the applicable E.O. minimum wage on www.wdol.gov (or any successor Web site) and on all wage determinations issued under the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute. The applicable published E.O. minimum wage is incorporated by reference into this agreement.

(3) (i) The non-Federal entity may request a price adjustment only after the effective date of the new annual E.O. minimum wage determination. Prices will be adjusted only if labor costs increase as a result of an increase in the annual E.O. minimum wage, and for associated labor costs and relevant subaward costs. Associated labor costs shall include increases or decreases that result from changes in social security and unemployment taxes and workers' compensation insurance, but will not otherwise include any amount for general and administrative costs, overhead, or profit.

(ii) Subrecipients may be entitled to adjustments due to the new minimum wage, pursuant to paragraph (b)(2). Non-Federal entities shall consider any Subrecipient requests for such price adjustment.

(iii) The Financial Assistance Awarding Officer will not adjust the agreement price under this clause for any costs other than those identified in paragraph (b)(3)(i) of this clause, and will not provide duplicate price adjustments with any price adjustment under clauses implementing the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute.

(4) The non-Federal entity warrants that the prices in this agreement do not include allowance for any contingency to cover increased costs for which adjustment is provided under this clause.

- (5) The non-Federal entity shall pay, unconditionally to each worker, all wages due free and clear without subsequent rebate or kickback. The non-Federal entity may make deductions that reduce a worker's wages below the E.O. minimum wage rate only if done in accordance with [29 C.F.R. § 10.23](#), Deductions.
 - (6) The non-Federal entity shall not discharge any part of its minimum wage obligation under this clause by furnishing fringe benefits or, with respect to workers whose wages are governed by the Service Contract Labor Standards statute, the cash equivalent thereof.
 - (7) Nothing in this clause shall excuse the non-Federal entity from compliance with any applicable Federal or State prevailing wage law or any applicable law or municipal ordinance establishing a minimum wage higher than the E.O. minimum wage. However, wage increases under such other laws or municipal ordinances are not subject to price adjustment under this subpart.
 - (8) The non-Federal entity shall pay the E.O. minimum wage rate whenever it is higher than any applicable collective bargaining agreement(s) wage rate.
 - (9) The non-Federal entity shall follow the policies and procedures in [29 C.F.R. § 10.24](#)(b) and 10.28 for treatment of workers engaged in an occupation in which they customarily and regularly receive more than \$30 a month in tips.
- c)
- (1) This clause applies to workers as defined in paragraph (a). As provided in that definition—
 - (i) Workers are covered regardless of the contractual relationship alleged to exist between the non-Federal entity or subrecipient and the worker;
 - (ii) Workers with disabilities whose wages are calculated pursuant to special certificates issued under [29 U.S.C. § 214](#)(c) are covered; and
 - (iii) Workers who are registered in a bona fide apprenticeship program or training program registered with the Department of Labor's Employment and Training Administration, Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship, are covered.
 - (2) This clause does not apply to—
 - (i) Fair Labor Standards Act (FLSA) – covered individuals performing in connection with contracts covered by the E.O., *i.e.* those individuals who perform duties necessary to the performance of the agreement, but who are not directly engaged in performing the specific work called for by the

agreement, and who spend less than 20 percent of their hours worked in a particular workweek performing in connection with such agreements;

(ii) Individuals exempted from the minimum wage requirements of the FLSA under [29 U.S.C. § 213](#)(a) and 214(a) and (b), unless otherwise covered by the Service Contract Labor Standards statute, or the Wage Rate Requirements (Construction) statute. These individuals include but are not limited to—

(A) Learners, apprentices, or messengers whose wages are calculated pursuant to special certificates issued under [29 U.S.C. § 214](#)(a).

(B) Students whose wages are calculated pursuant to special certificates issued under [29 U.S.C. § 214](#)(b).

(C) Those employed in a bona fide executive, administrative, or professional capacity ([29 U.S.C. § 213](#)(a)(1) and [29 C.F.R. § part 541](#)).

d) *Notice.* The non-Federal entity shall notify all workers performing work on, or in connection with, this agreement of the applicable E.O. minimum wage rate under this clause. With respect to workers covered by the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, the Contractor may meet this requirement by posting, in a prominent and accessible place at the worksite, the applicable wage determination under those statutes. With respect to workers whose wages are governed by the FLSA, the non-Federal entity shall post notice, utilizing the poster provided by the Administrator, which can be obtained at www.dol.gov/whd/govcontracts, in a prominent and accessible place at the worksite. Non-Federal entities that customarily post notices to workers electronically may post the notice electronically provided the electronic posting is displayed prominently on any Web site that is maintained by the non-Federal entity, whether external or internal, and customarily used for notices to workers about terms and conditions of employment.

e) *Payroll Records.*

(1) The non-Federal entity shall make and maintain records, for three years after completion of the work, containing the following information for each worker:

(i) Name, address, and social security number;

(ii) The worker's occupation(s) or classification(s);

(iii) The rate or rates of wages paid;

(iv) The number of daily and weekly hours worked by each worker;

(v) Any deductions made; and

(vi) Total wages paid.

(2) The non-Federal entity shall make records pursuant to paragraph (e) (1) of this clause available for inspection and transcription by authorized representatives of the Administrator. The non-Federal entity shall also make such records available upon request of the Contracting Officer.

(3) The non-Federal entity shall make a copy of the agreement available, as applicable, for inspection or transcription by authorized representatives of the Administrator.

(4) Failure to comply with this paragraph (e) shall be a violation of [29 C.F.R. § 10.26](#) and this agreement. Upon direction of the Administrator or upon the Financial Assistance Awarding Officer's own action, payment shall be withheld until such time as the noncompliance is corrected.

(5) Nothing in this clause limits or otherwise modifies the non-Federal entity's payroll and recordkeeping obligations, if any, under the Service Contract Labor Standards statute, the Wage Rate Requirements (Construction) statute, the Fair Labor Standards Act, or any other applicable law.

- f) *Access.* The non-Federal entity shall permit authorized representatives of the Administrator to conduct investigations, including interviewing workers at the worksite during normal working hours.
- g) *Withholding.* The Financial Assistance Awarding Officer, upon his or her own action or upon written request of the Administrator, will withhold funds or cause funds to be withheld, from the non-Federal entity under this or any other Federal agreement with the same non-Federal entity, sufficient to pay workers the full amount of wages required by this clause.
- h) *Disputes.* Department of Labor has set forth in [29 C.F.R. § 10.51](#), Disputes concerning non-Federal entity compliance, the procedures for resolving disputes concerning a non-Federal entity's compliance with Department of Labor regulations at [29 C.F.R. § 10](#). Such disputes shall be resolved in accordance with those. This includes disputes between the non-Federal entity (or any of its Subrecipients) and the contracting agency, the Department of Labor, or the workers or their representatives.
- i) *Antiretaliation.* The non-Federal entity shall not discharge or in any other manner discriminate against any worker because such worker has filed any complaint or instituted or caused to be instituted any proceeding under or related to compliance with the E.O. or this clause, or has testified or is about to testify in any such proceeding.

- j) *Subcontractor compliance.* The non-Federal entity is responsible for Subrecipient compliance with the requirements of this clause and may be held liable for unpaid wages due Subrecipient workers.
- k) *Subawards.* The non-Federal entity shall include the substance of this clause, including this paragraph (k) in all subawards, regardless of dollar value, that are subject to the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, and are to be performed in whole or in part in the United States.

14. **Prohibition on Issuing Financial Assistance Awards to Entities that Require Certain Internal Confidentiality Agreements:** Section 743 of Division E, Title VII of the Consolidated and Further Continuing Resolution Appropriations Act of 2015 (Pub. L. 113-235) prohibits the use of funds appropriated or otherwise made available under that or any other Act for grants or cooperative agreements to an entity that requires employees or contractors of such entity seeking to report fraud, waste, or abuse to sign internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or contractors from lawfully reporting such waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information.

Recipients must not require their employees or contractors seeking to report fraud, waste, or abuse to sign internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or contractors from lawfully reporting such waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information.

Recipients must notify their employees or contractors that existing internal confidentiality agreements covered by this condition are no longer in effect.

Non-Federal cost-share/match is not required for this grant program. However, the recipient agrees to contribute \$XXX in eligible non-Federal matching contributions that are allowable, properly documented, and must be used during the grant period to share the costs for this statement of work. Failure to use the required non-Federal matching share will result in the disallowance of costs reimbursed, and/or the deobligation of remaining unexpended funds.

3. ELIGIBLE COSTS

Eligible costs under this award are as described in this Notice, 2 CFR 200, and the Historic Preservation Fund Grants Manual (HPF Manual).

For this program they also include:

- a. Projects under the eligible program areas as defined by the National Historic Preservation Act (NHPA): Administration, Development/Covenants, National Register, Planning, Review & Compliance, and Survey and Inventory;
- b. Administrative costs necessary to complete and administer the grant requirements;
- c. Necessary compliance activities required by 54 USC 306108 (commonly known as Section 106) of the National Historic Preservation Act related to the consequences of the disaster declaration;

- e. Survey and Inventory of historic resources to determine eligibility, degree of damage, and provide preparedness for future disasters;

4. ADMINISTRATIVE AND INDIRECT COSTS

The federally-negotiated indirect rate plus administrative costs to be applied against this agreement, by statute 54 U.S.C. § 302902, **shall not exceed 25%** of the total budget. Administrative costs are defined as: Allowable, reasonable, and allocable costs related to the overall management of activities directly related to finance (accounting, auditing, budgeting, contracting), general administrative salaries and wages (grant administration, personnel, property management, equal opportunity) and other “overhead” functions (general legal services, general liability insurance, depreciation on buildings and equipment, etc.) not directly attributable to specific program areas identified in the grant agreement. All administrative costs reported must be absolutely necessary for project and/or program implementation, such as the cost items identified in the final grant agreement or items otherwise approved in writing by the NPS Awarding Officer (AO).

5. INELIGIBLE ACTIVITIES

The Program Areas of Acquisition, Local Government Certification, and Preservation Tax Incentives are not eligible costs for assistance from this emergency funding. Reconstruction is limited to portions of a historic property that still retain (prior to reconstruction) sufficient significance and integrity to remain listed in the National Register. Total reconstructions are not eligible for grant assistance. If specific features or elements of a building or landscape are missing and thus need to be recreated, this work is potentially eligible for funding (provided adequate historical documentation is available). Major reconstruction projects, such as recreating a building or landscape that has been completely destroyed, are not eligible for grant assistance because vanished structures, by definition, have lost their integrity and therefore are no longer eligible for the National Register of Historic Places, or for grant assistance.

6. NAGPRA COSTS ARE UNALLOWABLE

Cost related to Native American Graves Protection and Repatriation Act (NAGPRA) activities are unallowable under this agreement. Funds for NAGPRA activities are available through the NPS National NAGPRA Program.

7. DETERMINATION OF RISK

In accordance with 2 C.F.R. § 200.205, the application for this award was subjected to a pre-award risk assessment which included a review of information contained within the application, past audits, Federal Awardee Performance and Integrity Information System (FAPIIS), and/or past performance on previous Federal financial assistance awards and other factors.

This award has been determined to be a low risk with the following requirements:

Low: Requests for payment may be made directly from the ASAP grant account without prior NPS approval after expenses have been incurred, invoiced, and paid. All documentation of expenses must be kept on file for audit purposes and may be requested by the NPS at any time. If payments are drawn down prior to invoice and payment or in amounts larger than costs incurred, the Recipient may be determined “medium or high risk” and be subject to additional grant terms and conditions.

8. NPS OVERSIGHT

The NPS will provide oversight of this grant project through the following NPS reviews:

- a. Review and approval of interim and final reporting to include compliance with 2 CFR 200;
- b. Review and approval of projects if over a given Federal share. The requirement to submit project notifications **via HPF Online** for a given Federal share is determined by the recipient’s risk level as identified in Attachment A, Condition 7, Determination of Risk.

- e. Review and approval for compliance with the National Environmental Protection Act (NEPA);
- f. Review and approval of project signage to notify the public of federal involvement;

All consultants and contractors must be competitively selected and documentation of this selection must be maintained by the Recipient and be made readily available for examination by the NPS. Federal contracting and procurement guidance can be found in 2 CFR 200.318. 11. UNANTICIPATED DISCOVERY PROTOCOLS

At a minimum, unanticipated discovery protocols for subgrants or contracts shall require the sub-grantee or contractor to immediately stop construction in the vicinity of the affected historic resource and take reasonable measures to avoid and minimize harm to the resource until the SHPO or THPO, sub-grantee or contractor, and Indian Tribes, as appropriate, have determined a suitable course of action within 15 calendar days. With the express permission of the SHPO and/or THPO, the sub-grantee or contractor may perform additional measures to secure the jobsite if the sub-grantee or contractor determines that unfinished work in the vicinity of the affected historic property would cause safety or security concerns.

12. EASEMENT/COVENANT REQUIREMENT

Section 54 USC 302902 of the National Historic Preservation Act requires that HPF grantees agree to assume, after the completion of the project, the total cost of continued maintenance, repair and administration of the grant-assisted property in a manner satisfactory to the Secretary of the Interior.

Accordingly, recipients awarded funds for the physical preservation of a historic site shall sign a Preservation Covenant/Easement with the State Historic Preservation Officer (SHPO) in which the site is located or to a nonprofit preservation organization acceptable to the NPS.

NPS approval of a covenant/easement holder other than the SHPO must be in writing. The term of the covenant/easement must follow the guidance in the HPF Manual - Chapter 6 from the end date of this agreement. The covenant/easement must be executed by registering it with the deed of the property. A photocopy of the executed covenant/easement, stamped registered with the deed, must be submitted to the NPS ATR prior to the end of the award period of performance and final drawdown of funding.

A draft copy of the covenant/easement must be submitted to the NPS ATR within one year for review and comment. Baseline documentation of the character defining features of the site must be documented prior to construction through photographs. Following the completion of all work, the preservation covenant/easement must document the grant assisted condition of the site and the character defining features included as part of the document registered with the deed.

13. EQUIPMENT PURCHASES

Each item of equipment purchased under this award must be approved specifically and in writing by the NPS prior to purchase to confirm the allowability of the costs. Approval of the application is not approval of equipment included within the application. Equipment is defined as tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-federal entity for financial statement purposes, or \$5,000.

14. FUNDING FOR USE OF UNMANNED AIRCRAFT SYSTEMS (UAS) (AKA DRONES)

HPF funding for UAS usage is eligible only in the contracting of an experienced, licensed contractor of UAS who possesses the appropriate license, certifications, and training to operate UAS. The contractor is required to provide proof of liability insurance in the operation of UAS for commercial use.

If HPF funding is provided to a state, tribal, local, or territorial government, or other non-profit organization, for the use of UAS as part of their scope of work, the recipient must have in place policies and procedures to safeguard individuals' privacy, civil rights, and civil liberties prior to expending such funds.

15. PATENTS AND INVENTIONS

Recipients of agreements which support experimental, developmental, or research work shall be subject to applicable regulations governing patents and inventions, including the government-wide regulations issued by the Department of Commerce at 37 CFR 401, Rights to Inventions Made by Non-profit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements. These regulations do not apply to any agreement made primarily for educational purposes.

16. COPYRIGHT

The NPS shall have a royalty-free right to republish any materials produced under this grant. All photos included as part of the interim and final reporting, and deliverables/publication

will be considered released to the NPS for future official use. Photographer, date and caption should be identified on each photo, so NPS may provide proper credit for use.

A digital (preferred) or physical copy of all deliverables must be available for public access. Information that would be exempt from disclosure per the Freedom of Information Act (FOIA), 5 USC 552, may be redacted from the public access copy.

All consultants hired by the Recipient must be informed of this requirement.

17. PUBLICITY AND PRESS RELEASES

Press releases about this project must acknowledge the grant assistance provided by the Historic Preservation Fund and the National Park Service, and copies of the press releases must be provided to the NPS. The Recipient must transmit notice of any public ceremonies planned to publicize funded or related projects in a timely enough manner so that the NPS, Department of the Interior, Congressional or other Federal officials can attend if desired. All publicity and press releases related to activities funded with this award should include a statement that funding for the activity was provided (in part or in whole) by the Historic Preservation Fund (HPF) administered by the National Park Service.

18. FUNDING ACKNOWLEDGEMENT IN DELIVERABLES & PUBLICATIONS

The Recipient must include acknowledgment of grant support from the Historic Preservation Fund of the National Park Service, Department of Interior, in all deliverables and publications concerning NPS grant-supported activities as referenced in the Statement of Work. At a minimum, all deliverables and publications must contain the following statement:

“This material was produced with assistance from the Emergency Supplemental Historic Preservation Fund, administered by the National Park Service, Department of the Interior. Any opinions, findings, and conclusions or recommendations expressed in this material are those of the author(s) and do not necessarily reflect the views of the Department of the Interior.”

Deliverables/publications include, but are not limited to: grant project reports; books, pamphlets, brochures or magazines; video or audio files; documentation of events, including programs, invitations and photos, websites, mobile apps, exhibits, and interpretive signs.

Refer to Attachment D: Digital Product Submission Guidelines for instructions on creating, naming and submitting digital copies of deliverables/publications.

19. REQUIREMENT FOR PROJECT SIGN/NOTIFICATION

HPF funded projects must create public notification of the project in the form of a project sign, website posting, and proper credit for announcements and publications as appropriate. Signage/notification must be submitted for approval by the ATR in advance. Also the sign/notification must be of reasonable and adequate design and construction to withstand weather exposure (if appropriate); be of a size that can be easily read from the public right-

of-way; and be accessible to the public throughout the project term as stipulated in this Grant Agreement. At a minimum, all notifications must contain the following statement:

“[Project Name] is being supported in part by the Emergency Supplemental Historic Preservation Fund administered by the National Park Service, Department of the Interior.”

Additional information briefly identifying the historical significance of the property and recognizing other contributors is encouraged and permissible. The NPS arrowhead logo may only be used in conjunction with the HPF approved signage format that can be provided upon request. Any other use of the logo is prohibited.

Photo documentation of the sign/notification for development projects must be uploaded to the HPFOnline. Cost of fabricating and erecting notification is an eligible grant cost.

20. REQUIREMENT FOR NEPA COMPLIANCE

All HPF funded grants are subject to the requirements of the National Environmental Policy Act (NEPA) of 1969, as amended. This Act requires Federal agencies to consider the reasonably foreseeable environmental consequences of all grant-supported activities. As part of the NPS implementation of NEPA, Recipient is required to notify the NPS of any reasonably foreseeable impacts to the environment from grant –supported activities, or to certify that no such impacts will arise upon receipt of a grant award. In addition, the NPS has determined that most HPF grant funds are not expected to individually or cumulatively have a significant impact on the environment, unless the activity involves development (construction) or archeology. For construction or archeology projects, the applicant should use **HPFOnline** to submit an *Environmental Screening Worksheet*, in order to assist the NPS in determining if a Categorical Exclusion (found in [NPS Director’s Order 12](#)) can be utilized.

21. COMPLIANCE WITH SECTION 106

Pursuant to Section 106 of the National Historic Preservation Act (54 U.S.C. 306108), the NPS and the Recipient must complete the consultation process stipulated in the regulations issued by the Advisory Council for Historic Preservation in 36 CFR 800 prior to the commencement of all grant-assisted construction or ground disturbance on the property.

Should a signed Programmatic Agreement exist for this Grant Program, it shall remain in place during the term agreed to, and govern the activities of the Emergency Supplemental Historic Preservation Fund (ESHPPF) grant as related to Section 106 compliance until terminated.

22. COMPLIANCE WITH SECTION 110

Section 110 of The National Historic Preservation Act identifies the responsibility of the federal agency in their treatment of historic properties. Section 110(f) (54 U.S.C. § 306107) clarifies the responsibility of the agency to protect National Historic Landmarks (NHL) from harm. See this agreement for submission requirements regarding NHL properties. In addition, Section 110(k) (54 U.S.C. § 306113) prohibits the NPS from funding any grantee or subgrantee that attempts to avoid the requirements of Section 106. Recipient must make

every effort to fund preservation projects that do no harm or adverse effects to NHL properties. Should it be discovered Recipient has deliberately damaged a property (e.g., pre-emptive demolition) to avoid requirements, the NPS must be notified to determine, in consultation with the ACHP, if the project can proceed.

Should a signed Programmatic Agreement exist for this Grant Program, it shall remain in place during the term agreed to, and govern the activities of the Emergency Supplemental Historic Preservation Fund (ESHPPF) grant as related to Section 106 compliance until terminated.

23. COMPLIANCE WITH ADA AND ABA

The use of federal funds to improve public buildings, to finance services or programs contained in public buildings, or alter any building or facility financed in whole or in part with Federal funds (except privately owned residential structures), requires compliance with the 1990 Americans with Disabilities Act (ADA), Section 504 of the Rehabilitation Act of 1973, and the Architectural Barriers Act (ABA). Work done to alter the property should be in compliance with all applicable regulations and guidance.

24. NPS REVIEW OF PLANNING/DESIGN DOCUMENTS FOR NATIONAL HISTORIC LANDMARKS

The Recipient must submit the following through HPFOnline:

1. a site plan that has the north direction clearly marked;
2. a city/county map with the site of the property clearly labeled;
3. set of plans and specifications for the project;
4. photographs (or digital images) of all exterior elevations of the building or site, with views identified and oriented and keyed to the site plan;
5. interior photographs of all major rooms and those involved in the project, labeled and keyed to a floor plan;
6. for NHL Districts include overall views of the district from the project area;
7. any additional information that will better enable a technical review of the project to be completed.

The Recipient must submit documents for the entire undertaking to the NPS for its review and approval to ensure conformance with the *Secretary of the Interior's Standards and Guidelines for Archeology and Historic Preservation*, Historic Preservation Fund Grant Manual, and with the conditions listed in this Grant Agreement, prior to the beginning of grant-assisted work. Work that does not comply with these Standards in the judgment of the NPS will not be reimbursed, and may cause the grant to be terminated and funds deobligated.

25. STATE HISTORIC PRESERVATION PLAN AND DISASTER PREPAREDNESS PLANNING

The Recipient will develop a plan of action to address cultural resource disaster preparedness, response, and recovery within their National Historic Preservation Act of 1966 (54 U.S.C. § 300101 et seq.) mandated Comprehensive Statewide Historic Preservation Plan. The “plan of action” must be reflected in the Comprehensive Statewide Historic Preservation Plan’s goals and objectives and be appended to this Comprehensive Statewide Historic Preservation Plan. The “plan of action” must include but is not limited to how to mitigate

effects on historic resources and/or improve disaster response and preparedness within the state and, specifically, the affected areas. The State must work closely with the NPS Preservation Planning Program Manager to develop a timeline for meeting this requirement. The purpose of the statewide historic preservation plan is to provide the State Historic Preservation Office (SHPO) and other stakeholders with an agreed-upon vision and goals for historic preservation efforts.

26. GIS SPATIAL DATA TRANSFER STANDARDS

All GIS data collected with ESHPF funds shall be in compliance with the NPS Cultural Resource Spatial Data Transfer Standards with complete feature level metadata. Template GeoDatabases and guidelines for creating GIS data in the NPS cultural resource spatial data transfer standards can be found at the NPS Cultural Resource GIS Facility webpage: https://www.nps.gov/crgis/crgis_standards.htm. Technical assistance to meet the NPS Cultural Resource Spatial Data Transfer Standard specifications will be made available if requested. Execution of a Data Sharing Agreement between the NPS and the Recipient shall take place prior to collection of GIS data using ESHPF funds.

27. CFDA INCLUSION IN SINGLE AUDIT

Non-Federal entities receiving financial assistance through the Historic Preservation Fund must include the appropriate CFDA number in the Schedule of Expenditures of Federal Award in their Single-Audit. The CFDA number applicable to this award will be either 15.904, 15.929, or 15.957, as identified on the first page of this agreement document.

28. NOTICE OF FINANCIAL MANAGEMENT REVIEW

As part of government-wide efforts to improve coordination of financial management and increase financial accountability and transparency in the receipt and use of federal funding, the Recipient is hereby notified that this award may be subject to higher scrutiny. This may include a requirement to submit additional reporting documentation.

29. NOTICE TO APPLICANTS FOR OTHER FINANCIAL ASSISTANCE FROM THE NATIONAL PARK SERVICE

Work approved under this grant shall in no way inhibit or preclude others from applying for federal assistance through other programs overseen or reviewed by NPS, such as the Federal Historic Preservation Tax Incentive for Income Producing Structures. It shall be understood that approvals through this grant funding are not transferable to other NPS or NPS-sponsored programs. Subgrantees should understand that work performed under this grant program may impact other work approvals. Grant funds cannot be claimed as eligible expenses potential tax credits.

30. REQUIREMENT FOR TRAINING

At the direction of the National Park Service, personnel associated with management of the grant program may be required to attend trainings and/or meetings. The Recipient will be provided adequate notice to plan for any required activities; expenses incurred as part of this requirement are eligible to charge towards the grant. The Recipient may require similar training of subrecipients.

31. DEMONSTRATION OF EFFORT – PERFORMANCE GOALS

In order to ensure the timely and successful completion of all HPF grant awards, the NPS requires acceptable demonstration of effort by the Recipient on project work supported by all HPF funded grants. Demonstration of effort means acceptable performance by undertaking meaningful progress on grant-supported activities and complying with award terms and conditions. Should effort not be demonstrated prior to September 30, 2019, the NPS will consider reallocation of funds to recipients with demonstrated effort.

32. STRENGTHENING BUY-AMERICAN PREFERENCES FOR INFRASTRUCTURE PROJECTS PER E.O. 13858

Per Executive Order 13858, entitled "Strengthening Buy-American Preferences for Infrastructure Projects" the Recipient shall maximize, consistent with law, the use of iron and steel goods, products, and materials produced in the United States, for infrastructure projects as defined by the Executive Order when the statement of work includes alteration, construction, conversion, demolition, extension, improvement, maintenance, reconstruction, rehabilitation, or repair.

33. REPORTING OF MATTERS RELATED TO RECIPIENT INTEGRITY AND PERFORMANCE

1) General Reporting Requirement

If the total value of your currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then you, as the recipient, during that period of time must maintain the currency of information reported to the System for Award Management (SAM) that is made available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)) about civil, criminal, or administrative proceedings described in paragraph 2 of this award term and condition. This is a statutory requirement under section 872 of Public Law 110-417, as amended (41 U.S.C. § 2313). As required by section 3010 of Public Law 111-212, all information posted in the designated integrity and performance system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.

2) Proceedings You Must Report

Submit the information required about each proceeding that:

- a) Is in connection with the award or performance of a grant, cooperative agreement, or procurement contract from the Federal Government;
- b) Reached its final disposition during the most recent five-year period; and
- c) Is one of the following:
 - i) A criminal proceeding that resulted in a conviction, as defined in paragraph 5 of this award term and condition;
 - ii) A civil proceeding that resulted in a finding of fault and liability and payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more;

- iii) An administrative proceeding, as defined in paragraph 5 of this award term and condition, that resulted in a finding of fault and liability and payment of either a monetary fine or penalty of \$5,000 or more; or reimbursement, restitution, or damages in excess of \$100,000; or
- iv) Any other criminal, civil, or administrative proceeding if:
 - (1) It could have led to an outcome described in paragraph 2.c.(1), (2), or (3) of this award term and condition;
 - (2) It had a different disposition arrived at by consent or compromise with an acknowledgment of fault on your part; and
 - (3) The requirement in this award term and condition to disclose information about the proceeding does not conflict with applicable laws and regulations.

3) Reporting Procedures

Enter in the SAM Entity Management area the information that SAM requires about each proceeding described in paragraph 2 of this award term and condition. You do not need to submit the information a second time under assistance awards that you received if you already provided the information through SAM because you were required to do so under Federal procurement contracts that you were awarded.

4) Reporting Frequency

During any period of time when you are subject to the requirement in paragraph 1 of this award term and condition, you must report proceedings information through SAM for the most recent five year period, either to report new information about any proceeding(s) that you have not reported previously or affirm that there is no new information to report. Recipients that have Federal contracts, grants, and cooperative agreement awards with a cumulative total value greater than \$10,000,000 must disclose semiannually any information about the criminal, civil, and administrative proceedings.

5) Definitions

For purposes of this award term and condition:

- a) Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative proceedings, Civilian Board of Contract Appeals proceedings, and Armed Services Board of Contract Appeals proceedings). This includes proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include audits, site visits, corrective plans, or inspection of deliverables.
- b) Conviction means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere.
- c) Total value of currently active grants, cooperative agreements, and procurement contracts includes—

- i) Only the Federal share of the funding under any Federal award with a recipient cost share or match; and
- ii) The value of all expected funding increments under a Federal award and options, even if not yet exercised.

34. NOTICE OF FINANCIAL MANAGEMENT REVIEW

As part of government-wide efforts to improve coordination of financial management and increase financial accountability and transparency in the receipt and use of federal funding, the Recipient is hereby notified that this award may be subject to higher scrutiny. This may include a requirement to submit additional reporting documentation.

35. AUDIT FINDINGS AND FOLLOW-UP

The Recipient is hereby informed that the NPS may withhold or suspend award funds, or may impose other related conditions, if the recipient does not satisfactorily and promptly address findings from Single or program-specific audits, investigations, or reviews of NPS programs and awards. Each year the award is active, the Recipient must require its auditors to provide status report updates of all audit findings included in the prior audit's Schedule of Findings and Questioned Costs, as required by 2 CFR 200, Subpart F ("Grants and Agreements, Audit Requirements"). Upon review of subsequent annual audits, the NPS will determine if further corrective action is warranted.

When findings exist, the Recipient must submit a status report every six months to the NPS of all steps being taken to resolve related audit findings included in the prior audit's *Schedule of Findings and Questioned Costs* to remain in good standing for all NPS grant awards. If the Recipient fails to meet these deadlines without written approval of extension from the NPS, NPS may withhold remaining and future award funds, or may impose other related requirements to ensure compliance with this condition. Outstanding audit findings, if any, are included in the attachments of this Agreement.

Attachment B

Memorandum

Date: April 27, 2018
To: Historic Preservation Fund Grants Manual
From: Megan J. Brown, Chief, State, Tribal, Local, Plans and Grants (STLPG)
Subject: Administrative Costs definition update to HPF Manual

In 2017, the Office of Inspector General (OIG) completed an audit of costs claimed by the State of Connecticut's Department of Economic and Community Development (DECD) on NPS Grant No. P13AF00113 for \$8,014,769, awarded under the Disaster Relief Appropriations Act of 2013 (Hurricane Sandy Relief, Public Law 113-2). During the audit, OIG auditors found that STLPG staff encountered difficulties in defining, and as a result monitoring, administrative costs. As a result, we developed a clear definition of administrative costs. The "revised" definition below is effective immediately and supersedes all "previous" definitions published in the HPF Grants Manual and in HPF Grants Training materials. The next update of the Grants Manual will reflect these changes as detailed below, but until this is complete, State and Tribal Historic Preservation Officers should ensure that all guidance under their command related to administrative costs reflects the revised definition.

HPF MANUAL CHANGE

Chapter 7 Exhibit 7-B "Additional Instructions for the SF 424-A" Section B

Previous Language:

A. Definition. 1. Administrative costs. Costs incurred when accomplishing activity directly pertinent to budget formulation and execution, personnel management, finance, property management, equal opportunity and other "overhead" functions not directly attributable to specific program areas."

Revised definition:

A. Definition. 1. Administrative costs. Allowable, reasonable, and allocable costs related to the overall management of activities directly related to finance (accounting, auditing, budgeting, contracting), general administrative salaries and wages (grant administration, personnel, property management, equal opportunity) and other "overhead" functions (general legal services, general liability insurance, depreciation on buildings and equipment, etc.) not directly attributable to specific program areas identified in the grant agreement. All administrative costs reported must be absolutely necessary for project and/or program implementation, such as the cost items identified in the final grant agreement or items otherwise approved in writing by the NPS Awarding Officer (AO).

Attachment D

Digital Product Submission Guidelines

The National Park Service’s (NPS) State, Tribal, Local, Plans & Grants (STLPG) Division developed these guidelines to outline the digital product submission process for grant recipients. These guidelines specify the types of products that should be submitted, supply guidance on the file names and formats grant recipients should use, and define how submissions should be made.

Products submitted digitally may be uploaded and shared with the general public through the [Integrated Resource Management Applications \(IRMA\)](#), the NPS’s digital repository system. To see grant products that have already been uploaded, go to [IRMA](#), choose Historic Preservation Fund (HPF) under “Select a Park, Office, Program or Region” and select a category of featured content.

What to submit:

- Provide one digital copy of each deliverable or publication under your grant agreement.
- Deliverables and publications include, but are not limited to, the following materials:

- Drag and drop files or click the "Select" link on the right side of the file upload page.
- Select the zipped folder from where it is saved on your computer and click the "Upload" button.
- After the files have been successfully uploaded, they will appear on the right side of the page above the "Upload" button. Your grant administrator will be notified that the upload is complete.

Reviewing submitted files:

- When the NPS receives the files, we will review your submitted products for compliance with the HPF grants manual, the *Secretary of the Interior's Standards for Archeology and Historic Preservation*, and any other relevant requirements.
- If there are issues with the submitted files or grant products, your grant manager will contact you and may ask for corrections and resubmission if necessary.
