Produced by National Park Service, Pacific West Region Planning Program Seattle, Washington January 2005

Note: Aerial photograph was derived from NPS Geographic Information Systems. The overlay graphics were produced by Michael J. Hinkinson using Photoshop 7.0.

Information presented in this plan is based on the draft GMP.

Existing Landscape Character

The South Gateway is noted to dominate the property in State Route 20 (SR 20). Today, its surrounding landscape is largely open, with some patches of open-ended fields, remnant prairie, and buildings. The open space is seen in the picture above, located on Island County land between SR 20 and Parker Road.

Figure 41 shows a photo of Parker Road, which remains as a two-lane paved rural road with active businesses and retail stores.

In addition to the woods and open grass, there are remnants of historic sites that dominate the landscape. In the area, there are simple wooden post, living with open buildings are primarily commercial and residential. The Au Sable property is on the background.

Development Concept Plan Proposals

0 25 50 100
Approximate scale in feet.

Road Signs should be placed in the appropriate locations along State Route 20 to provide directions to the South Gateway. The exact number of signs and the information will be determined at a later date.

Prairie

Proposed Prairie Profile Display
The features of this display will be determined in a site plan at a future date.

Possible trail linking to Au Sable building complex and linking to a trail to Coupeville.

All trail alignments on Au Sable property would be aligned in conjunction with the property owner.

Reestablish

Prairie

Reestablish

Prairie

Possible interpretive trail through prairie.

Note:
All proposed features would be built in conjunction with Au Sable property owner.

Fence

Kiosk and Trailhead

Possible trail linking to Au Sable building complex and linking to a trail to Coupeville.

All trail alignments on Au Sable property would be aligned in conjunction with the property owner.
