# General Management Plan Summary Presentation

Olympic National Park

**General Management Plan  
Summary Presentation**

**Olympic National Park  
Washington**

Dear Friends and Neighbors of Olympic National Park:

This document, which is based on the park's 2008 *Final General Management Plan / Environmental Impact Statement*, is the approved plan for the future management of Olympic National Park. A copy of the *Final General Management Plan / Environmental Impact Statement* is included on a compact disc provided on the inside back cover of this document. Copies of the complete *Final General Management Plan / Environmental Impact Statement* also are available on the Olympic National Park website at [www.nps.gov/olym](http://www.nps.gov/olym).

I would like to take this opportunity to express my appreciation for your continued interest in, and care for, this very special national park. Your input and participation helped us develop a final plan that maintains a variety of recreational opportunities while continuing to preserve and protect the nationally significant natural and cultural resources of Olympic National Park. Please accept my sincere thanks for giving your time, ideas, and comments to shape the vision for the park's future. We look forward to seeing you at the park soon!

Sincerely,

Karen Gustin  
Superintendent
