11/18/08

NPS is not seeking or considering public comment on these materials at this time. NPS is sharing this information with the negotiated rulemaking advisory committee now solely for members' use in negotiating a consensus alternative for recommendation to the NPS. NPS highly values public input in the planning process and will actively seek public comment on the draft environmental impact statement (DEIS), which will include these alternatives and an analysis of their impacts. NPS plans to have the DEIS ready for public review in the early fall of 2009.
