After review and consideration of the need for annual updates, the following changes regarding public use are proposed.

Closures and restrictions

The NPS is removing the interim language regarding commercial filming that was instituted in 2021.

36 CFR 13.50

- Filming - rescinded

In early 2021, the United States District Court for the District of Columbia issued a decision in the Price v. Barr case that invalidated existing laws for managing commercial filming in national park areas. The US Department of Justice appealed the District Court's decision and on August 23, 2022, the United States Court of Appeals for the District of Columbia issued a decision reversing the order of the District Court. The statute and regulations that governed commercial filming before the Price v Barr decision are once again in effect.
