

Grand Canyon National Park

Arizona

National Park Service
U.S. Department of the Interior

Grand Canyon National Park needs **YOUR** input!

The National Park Service is inviting the public to explore three preliminary concepts that outline different paths for rebuilding and reimagining the North Rim following the Dragon Bravo Fire.

These early ideas represent a spectrum of approaches that range from thoughtful restoration of the historic lodge area to expanded, year-round opportunities.

The plan is in early stages of development, and the National Park Service needs your input to develop a shared vision for the future of the North Rim.

How to get involved: Visit <https://parkplanning.nps.gov/NorthRimRecovery> between October 6 and November 6, 2026, to submit your input!
