

Mori Point Outreach
Saturday, April 26, 2008

Sr. Planner Brian Aviles and Planning Intern Lou Sian staffed an outreach table at "A Community Celebration of Trails and Restoration at Mori Point" in partnership with the Parks Conservancy. We discussed the GMP planning process and invited people to sign up for the e-mail version of Newsletter 4. The event celebrated the inauguration of Mori Point into the GGNRA and honored Sen. Tom Lantos who recently passed away. It was a mild and sunny day in Pacifica and many people turned out for the celebration and to do restoration work at the freshwater ponds. Twenty-seven people signed up for Newsletter 4.
