PROJECT NAME/DESCRIPTION: Temporary Office Modular Unit at NAMA Headquarters

PROJECT ADDRESS/LOCATION DESCRIPTION: 900 Ohio Drive, SW

DC SHPO PROJECT NUMBER: 10-355

The DC State Historic Preservation Office (DC SHPO) has reviewed the above-referenced federal undertaking(s) in accordance with Section 106 of the National Historic Preservation Act and has determined that:

This project will have **no effect** on historic properties. No further DC SHPO review or comment will be necessary.

There are **no historic properties** that will be affected by this project. No further DC SHPO review or comment will be necessary.

This project will have **no adverse effect** on historic properties. No further DC SHPO review or comment will be necessary.

This project will have **no adverse effect** on historic properties **conditioned** upon fulfillment of the measures stipulated below.

Other Comments / Additional Comments (see below):

Based upon a site visit conducted on July 15th and a review of the visual simulations included with the project documentation, the DC SHPO concurs with the NPS determination of "no adverse effect" because the proposed office modular unit will be temporary, located in a relatively remote corner of East Potomac Park, not highly visible, and will be screened with additional vegetation to avoid any adverse visual effects. However, this determination is conditioned upon the removal of the temporary office modular unit once the permanent NAMA Headquarters facilities are designed, approved and constructed.
