Hello Cary:

Thank you for providing an additional opportunity to review and comment upon the most recent revisions to the FDR Prayer Plaque. As you are most likely aware, we determined this project would have “no adverse effect” on historic properties in 2015 (16-0044) and again in 2017 (17-0172). Since the latest version of the design involves only relatively minor aesthetic revisions, we see no reason to alter our earlier determinations. Please retain this email to document that we concur with the NPS finding that the final design (21-0600) will also have “no adverse effect” on historic properties.

Best regards,

Hi Andy,

Attached is a letter providing the DC SHPO a final opportunity to comment on the latest design refinements and the provisional no adverse effect finding for the FDR prayer plaque. Please let me know if you have any questions or concerns.
