

## Thank you for coming out and helping shape the future of Buzzard Point!!

Your input and feedback is important in helping us determine the future for Buzzard Point Park.

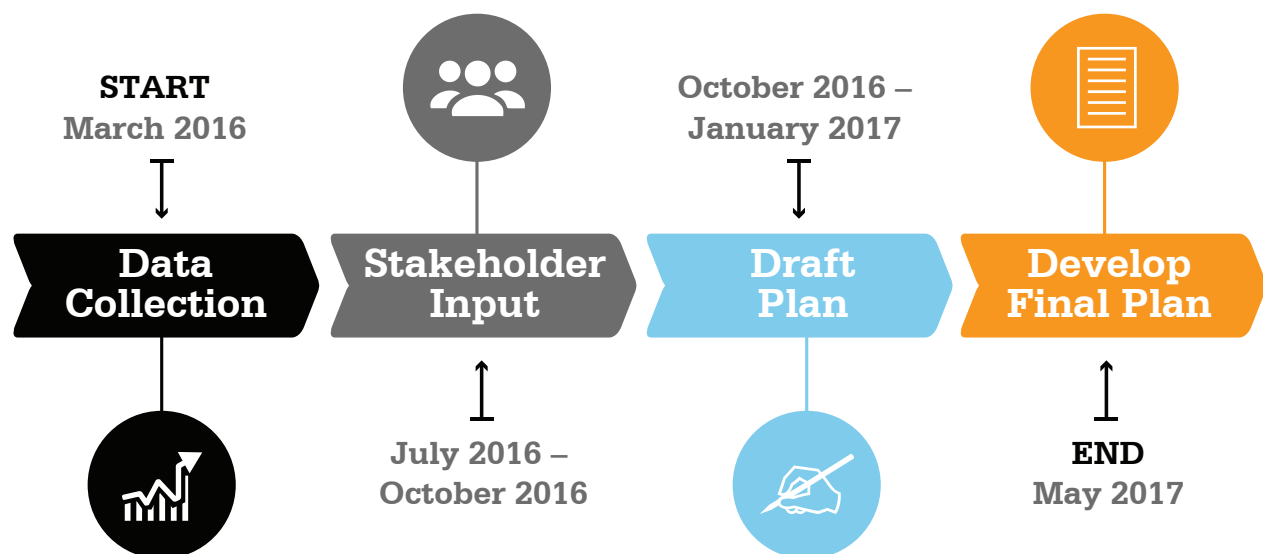

Our goal is to investigate new opportunities for Buzzard Point Park that provide fun, safe access to the Anacostia River for neighbors and visitors alike. Our hope is that the future park will improve access to the river, create new and diverse recreational activities, and help meet the goal of a fishable, swimmable Anacostia River.

Tonight's meeting is set up to provide a variety of opportunities for you to have your voice heard. Feel free to take your time and walk around to the displays and information. The Park Superintendent will offer welcome remarks at 7:00PM. Additional comments can be made by visiting:

The room is set up as 7 different stations that address different topics. The back of this handout shows where the stations are located and the topics they cover.

## Project Schedule

# Station Descriptions

National Park Service  
U.S. Department of the Interior

Buzzard Point Park Planning  
and Information Session  
July 14, 2016

**Sign In** and grab a name badge.  
Pick up a **Project Introduction**  
overview and schedule.

**Timeline Display**, which follows  
the historic development of  
Buzzard Point Park.

**Existing Conditions Display**  
showcasing site analysis of Buzzard  
Point and its surrounding areas,  
major connections, and amenities.

**Area Planning Initiatives Display**,  
providing a summary of initiatives  
that identify influencing factors that  
will affect Buzzard Point Park.

**General Feedback** station, which  
includes a comment card, where you  
can weigh in on the proposed  
redevelopment of Buzzard Point Park.

Identify and discuss areas of interest  
on the **Collaborative Map** and  
provide input on your vision for the  
re-imagined Park and its proposed  
recreational uses.

View the **Image Preference**  
sequence and rate the desired  
recreational facilities images to  
collect input on the amenities to be  
considered for the park.
