# Washington & Barnum Islands

Cultural Landscape Report & Environmental Assessment

# Project Scope

Cultural Landscape Report  
and  
Environmental Assessment  
for the  
Historic Areas at Washington & Barnum Islands

Provide a comprehensive understanding of the physical evolution  
of the historic landscape.

Provide guidance for future landscape management.

# Project Objectives

1. Document development of physical landscapes at Washington & Barnum Islands.
2. Document existing conditions.
3. Evaluate integrity.
4. Provide treatment recommendations.
