JUN 24 2011

Dear Friends of Yosemite National Park:

The National Park Service at Yosemite National Park announces the availability of the *Finding of No Significant Impact* for the *Badger Pass Ski Lodge Rehabilitation*. This document records the decision of the National Park Service to adopt a plan for the rehabilitation of Badger Pass Ski Lodge as described under the Selected Action (Alternative 3 – Rehabilitation and Improvements) in the *Badger Pass Ski Lodge Rehabilitation Environmental Assessment*.

The *Finding of No Significant Impact*, *Errata Sheets*, and the report summarizing public comment received during public review of the environmental assessment are available at <http://parkplanning.nps.gov/BadgerPass>.

The National Park Service has determined that implementation of the *Badger Pass Ski Lodge Rehabilitation* will not have a significant effect on the quality of the human environment. Therefore, an Environmental Impact Statement will not be prepared.

We thank you for your comments regarding the project. Public participation is a key element in the environmental review process at Yosemite National Park. Your participation helps to ensure that the National Park Service fully understands and considers your values and concerns.

Sincerely,

Don L. Neubacher
Superintendent
