National Park Service
U.S. Department of the Interior

Dear Friends,

The National Park Service (NPS) has initiated a process to complete a Transportation Plan/Environmental Assessment (plan/EA) to improve transportation conditions in Bandelier National Monument.

In an effort to inform the public and solicit input regarding the plan/EA, NPS will be hosting two public meetings. The format of the public meetings will include a brief (30-minute) open house followed by a presentation about the project and a question/answer session. Park staff will be available to discuss the plan/EA and answer questions.
