# Rock County Ice Age NST-- Corridor Alternatives

### Corridor Alternative #2- Johnstown Moraine & Rock River East

This alternative begins at the Walworth County line near Clover Valley SWA and incorporates nearly all of the existing Ice Age National Scenic Trail segments in Rock County. It heads north from Janesville along the east side of the Rock River, avoiding the shoreline development before crossing the river at Indianford. It focuses on the glacial features of the Johnstown Moraine and Evansville historic districts before terminating at the Green County Line near Magnolia Bluff County Park.
