Memorandum

To: William Bryan, Project Manager, Yosemite National Park

From: Superintendent, Yosemite National Park

Subject: NEPA and NHPA Clearance: 2013-021 White Wolf Lodge Linen Hut Addition (47215)

The Executive Leadership Team has reviewed the proposed project/action and completed its environmental assessment documentation, and we have determined the following:

- There will not be any effect on threatened, endangered, or rare species and/or their critical habitat.
- There will be no historic properties affected.
- There will not be serious or long-term undesirable environmental or visual effects.

The subject proposed project, therefore, is now cleared for all NEPA and NHPA compliance requirements as presented above. Project plans and specifications are approved and construction and/or project implementation can commence.

For the proposed project actions to be within compliance requirements during construction and/or project implementation, the following mitigations must be adhered to:

- Ensure the selected location is compatible with the spatial arrangement of existing tents.

If you have any questions, please let me know.

Categorical Exclusion Form

Project: 2013-021 White Wolf Lodge Linen Hut Addition

PEPC Project Number: 47215

Project Description:

Delaware North Corporation (DNC) proposes to improve linen storage at the White Wolf Lodge to prevent rodent access. This would include installing one temporary linen storage tent with the pre-approved design in a preselected location at the lodge. The hut will match the Curry Village design (12 foot x 14 foot, interior half walls, battens, exclusion techniques, no wood stove, 36 inch door entry, open shelving, open stairs, etc.).

Project Background: This action is necessary to replace the existing linen storage area at the White Wolf Lodge with rodent resistant storage areas. The current storage of linen in open air, rolling bins or brutes in the back of house area does not prevent rodent contact. Other storage areas are inadequate to store reasonable linen counts for camp use. This action will also improve public health issues related to Hantavirus exposure to visitors and staff by mitigating National Park Service (NPS) and California Department of Public Health (CDHP) concerns regarding existing linen storage conditions.

Scope of Work:

1. Construct tent with approved 12 x 14 foot print on 9 pier blocks with the minimum height requirements for Integrated Pest Management regulations using exclusion design techniques preapproved by NPS and CDPH.
2. Stairs will be open design per NPS and DNC guidelines and doorway will be outfitted with tight fitting threshold and door stay.
3. Walls will consist of 2 foot x 4 foot wood studs, 16" on center and ½" plywood from base of tent to top sill. (Same construction as in new Boystown linen tent construction.)
4. Rafters will incorporate high sierra design (i.e. one wood rafter attached to the front wall and door frame then two galvanized metal rafters and a galvanized metal ridge beam).
5. Wood surfaces will be painted green.
6. Canvas tent cover will be excluded per NPS and DNC rodent exclusion guidelines, including exterior white batten around top sill perimeter.

Project Locations:

Tuolumne County, CA

Mitigations:

- Ensure the selected location is compatible with the spatial arrangement of existing tents.

Describe the category used to exclude action from further NEPA analysis and indicate the number of the category (see Section 3-4 of DO-12):

C.10 Installation of wells, comfort stations and pit toilets in areas of existing use and in developed areas.

On the basis of the environmental impact information in the statutory compliance file, with which I am familiar, I am categorically excluding the described project from further NEPA analysis. No exceptional circumstances (e.g. all boxes in the ESF are marked "no") or conditions in Section 3-6 apply, and the action is fully described in Section 3-4 of DO-12.

C. MANDATORY CRITERIA

Mandatory Criteria: If implemented, would the proposal:	Yes	No	N/A	Comment or Data Needed to Determine
A. Have significant impacts on public health or safety?		No		
B. Have significant impacts on such natural resources and unique geographic characteristics as historic or cultural resources; park, recreation, or refuge lands; wilderness areas; wild or scenic rivers; national natural landmarks; sole or principal drinking water aquifers; prime farmlands; wetlands (Executive Order 11990); floodplains (Executive Order 11988); national monuments; migratory birds; and other ecologically significant or critical areas?		No		
C. Have highly controversial environmental effects or involve unresolved conflicts concerning alternative uses of available resources (NEPA section		No		

Mandatory Criteria: If implemented, would the proposal:	Yes	No	N/A	Comment or Data Needed to Determine
102(2)(E))?				
D. Have highly uncertain and potentially significant environmental effects or involve unique or unknown environmental risks?		No		
E. Establish a precedent for future action or represent a decision in principle about future actions with potentially significant environmental effects?		No		
F. Have a direct relationship to other actions with individually insignificant, but cumulatively significant, environmental effects?		No		
G. Have significant impacts on properties listed or eligible for listing on the National Register of Historic Places, as determined by either the bureau or office?		No		
H. Have significant impacts on species listed or proposed to be listed on the List of Endangered or Threatened Species, or have significant impacts on designated Critical Habitat for these species?		No		
I. Violate a federal law, or a state, local, or tribal law or requirement imposed for the protection of the environment?		No		
J. Have a disproportionately high and adverse effect on low income or minority populations (Executive Order 12898)?		No		
K. Limit access to and ceremonial use of Indian sacred sites on federal lands by Indian religious practitioners or significantly adversely affect the physical integrity of such sacred sites (Executive Order 13007)?		No		

Mandatory Criteria: If implemented, would the proposal:	Yes	No	N/A	Comment or Data Needed to Determine
L. Contribute to the introduction, continued existence, or spread of noxious weeds or non-native invasive species known to occur in the area or actions that may promote the introduction, growth, or expansion of the range of such species (Federal Noxious Weed Control Act and Executive Order 13112)?		No		

D. OTHER INFORMATION

1. Are personnel preparing this form familiar with the site? Yes
- 1.A. Did personnel conduct a site visit? No
2. Is the project in an approved plan such as a General Management Plan or an Implementation Plan with an accompanying NEPA document? No
3. Are there any interested or affected agencies or parties? No
4. Has consultation with all affected agencies or tribes been completed? No
5. Are there any connected, cumulative, or similar actions as part of the proposed action? (*e.g., other development projects in area or identified in GMP, adequate/available utilities to accomplish project*) No
