Draft Dyke Marsh Wetland Restoration and Long-term Management Plan/EIS

Public Meeting

February 26, 2014

EIS Milestones to date

 November 2007: Internal scoping initiating the EIS was held at the park. Purpose, need, objectives, issues and preliminary alternative concepts were identified.

April 2008: The Notice of Intent to prepare an EIS was published and a public scoping meeting was held.

 May 2008 – December 2013: Alternatives development and completion of Draft plan/EIS. USACE and USGS studies and publications assisted in refining alternatives and describing the impacts of the alternatives.

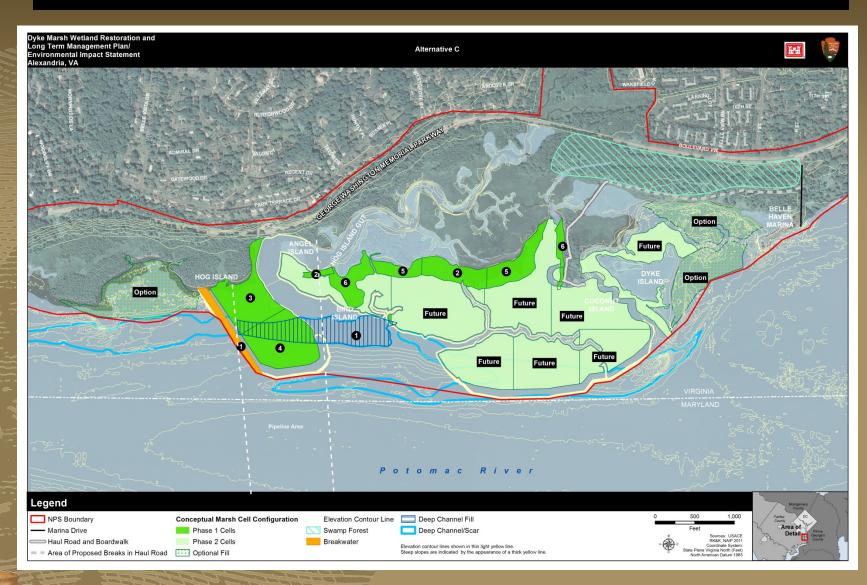

January 2014: Draft plan/EIS released to the public.

EXPERIENCE YOUR AMERICA

How to Comment

The public comment period closes on March 18, 2014.

Submit written comments tonight.

 Submit comments electronically via the Park Planning, Environment and Public Comment system (PEPC) at <u>http://parkplanning.nps.gov/dykemarshdeis</u>.

 Send written comments to: Superintendent Attn: Dyke Marsh Wetland Restoration George Washington Memorial Parkway 700 George Washington Memorial Parkway Turkey Run Park Headquarters McLean, Virginia 22101

Tips for providing comments

Provide a comment rather than a vote. When stating a preference for one alternative over another, give a reason why.

Be specific and provide as much detail as possible.

 Relate your comments back to the draft plan/EIS to ensure your comments are understood and your concerns are fully addressed in the final plan/EIS.

Substantive Comments

- All comments will be reviewed, but responses are only required for substantive comments.
- Substantive comments are defined as those that do one or more of the following:
 - Question, with reasonable basis, the accuracy of information in the draft plan/EIS.
 - Question, with reasonable basis, the adequacy of environmental, cultural, or socioeconomic analysis.
 - Present reasonable alternatives other than those presented in the draft plan/EIS.
 - Cause changes or revisions to the management actions proposed in the alternatives (Director's Order 12 Handbook 4.6A).

Responding to Comments

There are several options for responding to substantive public comments:

- Modify the alternatives as requested.
- Develop and evaluate suggested alternatives.
- Supplement, improve or modify the analysis.
- Make factual corrections.
- Explain why the comments do not warrant further agency response, citing sources, authorities, or reasons that support the agency's position (CEQ 1503.4).

 The final plan/EIS will contain summaries of the substantive comments and responses to those comments in an appendix.

Next Steps

 Analyze and respond to public comments received on Draft plan/EIS and revise plan/EIS.

Release Final plan/EIS to the public.

Prepare the Record of Decision documenting the actions constituting the approved plan.

The Regional Director will sign the Record of Decision following a 30-day no-action period.

Begin implementation.

This presentation and all posters will be available on the PEPC site at:
