Keymap

Purpose

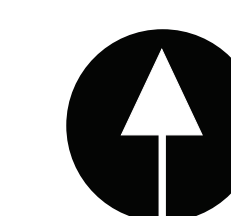

- * Improve circulation and safety for all modes of transportation at one of the park's most popular hiking destinations.
- * Expand parking to accommodate existing and forecasted parking demand.
- * Provide flexible design options that can be phased in over time as needed.

Desired Time Frame

- * Short term: Expand car and bus parking.
- * Long term: Consider additional parking if needed.

Design Considerations

- * Explore ways to consolidate development footprint.
- * Incorporate stormwater management techniques such as bioswales, etc.
- * Soften visual impacts with appropriate buffers and design elements.
