National Park Service

[NPS-NCR-NACA-14983; PPNCCROL0, PPMPSDLY.M000]

Notice of Intent To Prepare an Environmental Impact Statement for
the Potomac River Tunnel in the National Capital Region

AGENCY: National Park Service, Interior.

ACTION: Notice of Intent.

SUMMARY: Pursuant to Section 102 (2)(C) of the National Environmental
Policy

[[Page 37769]]

Act of 1969, 42 U.S.C. 4332(2)(C), the National Park Service) and DC Water as co-lead agencies are preparing an Environmental Impact Statement for the Potomac River Tunnel in the National Capital Region. The area affected is within the Chesapeake and Ohio Canal National Historical Park, Rock Creek Park, and National Mall and Memorial Parks in Washington, DC. The purpose of this EIS is to analyze the impacts of constructing a tunnel and supporting infrastructure for capture, conveyance, and storage of combined sewer overflows when the combined sewer system capacity is exceeded.

DATES: The NPS will accept comments from the public through September 2, 2014. The NPS intends to hold a public scoping meeting during the scoping period. Details regarding the exact times and locations of these meetings will be announced through local media at least 15 days before the meetings. Information about public meetings will also be provided on the three parks' planning Web site: <http://parkplanning.nps.gov/NCRO> (click on the link to the Potomac River Tunnel EIS).

ADDRESSES: Information will be available for public review and comment online at <http://parkplanning.nps.gov/NCRO> and at all three park headquarters listed below.

Office of the Superintendent, Chesapeake and Ohio Canal National Historical Park, 1850 Dual Highway, Suite 100, Hagerstown, Maryland 21740, Telephone: (301) 714-2201.

Office of the Superintendent, Rock Creek Park, 3545 Williamsburg Lane NW., Washington, DC 20008, Telephone: (202) 895-6004.

Office of the Superintendent, National Mall and Memorial Parks, 900 Ohio Drive SW., Washington, DC 20024, Telephone: (202) 485-9880.

FOR FURTHER INFORMATION CONTACT: Moussa Wone, DC Clean Rivers Project, (202) 787-4729 or Joel Gorder, National Park Service Regional Environmental Coordinator, (202) 619-7405.

SUPPLEMENTARY INFORMATION: This planning effort is needed because combined sewer overflows (CSOs) cause or contribute to water quality degradation in the receiving waters of the Potomac River. In addition, the project is required by a Federal Consent Decree entered into by DC Water, the United States Environmental Protection Agency, the United States Department of Justice and the District of Columbia. The Federal Consent Decree identifies a completion milestone of 2025 for a series of projects designed to reduce discharges of CSOs into the Anacostia River, Potomac River, and Rock Creek. For the Potomac River Tunnel project, the Federal Consent Decree requires an underground storage tunnel be constructed to provide 58 million gallons of CSO storage and a dewatering pump station sufficiently sized to dewater the tunnel within 59 hours.

While DC Water is the agency tasked with the construction and operation of the Potomac River Tunnel, the majority of the associated infrastructure is to be built on or below NPS administered properties, including Rock Creek Park; Chesapeake and Ohio Canal National Historical Park; the National Mall and Memorial Parks; and the bed of the Potomac River.

A scoping newsletter will be prepared that details the issues identified to date and include the purpose, need, and objectives of the Environmental Impact Statement. Copies of that information may be obtained online at <http://parkplanning.nps.gov/NCRO> or at one of the three parks' headquarters addresses above.

If you wish to comment on the purpose, need, objectives, alternatives, or on any other issues associated with the EIS, you may submit your comments via the Internet at <http://parkplanning.nps.gov/NRCCO> (preferred method) or by mail or hand-delivery to any of the addresses listed above.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment--including your personal identifying information--may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying

information from public review, we cannot guarantee that we will be able to do so.

Dated: May 20, 2014.
Stephen E. Whitesell,
Regional Director, National Park Service, National Capital Region.

NOTICE OF PUBLIC SCOPING MEETING AND SCOPING PERIOD POTOMAC RIVER TUNNEL PROJECT WASHINGTON, DC

WHAT: The District of Columbia Water and Sewer Authority (DC Water) and the National Park Service are preparing an Environmental Impact Statement (EIS) to evaluate potential environmental impacts of

the proposed Potomac River Tunnel project. The Potomac River Tunnel is a component of the DC Clean

Rivers project designed primarily to control combined sewer overflows (CSOs) when the existing combined sewer system capacity is exceeded. The Potomac River Tunnel is a component of DC Water's Long Term Control Plan (LTCP) to meet court-ordered CSO control objectives and water quality standards and is being designed to comply with the requirements of the Federal Consent Decree entered into by DC Water, the District, the U.S. Department of Justice, and the U.S. Environmental

Protection Agency. DC Water will hold a public scoping meeting to share information and receive comments from the public on the Potomac River Tunnel project. DATE: July 31, 2014

TIME: 6:00 p.m. - 8:00 p.m. LOCATION: The Lab School of Washington

4759 Reservoir Road NW

Washington, DC 20007 Members of the

public are invited to stop by between 6:00 p.m. and 8:00 p.m. to see displays and discuss the project with DC Clean Rivers Project staff. The meeting will include a brief welcome that will begin

promptly at 6:30 p.m. For more information or for individuals requiring special assistance at the meeting, please contact Clean Rivers Community Outreach at (202) 787-4447 or by email at dccleanrivers@dcwater.com. A public scoping period will occur from July 2, 2014 through August 31,

2014 to gather input from the public. Comments received will be reviewed and incorporated into the

EIS. You may submit your comments online or by regular mail: 1) Online at <http://parkplanning.nps.gov/PotomacRiverTunnel> 2) Mail to: DC Clean Rivers Project, c/o Potomac River Tunnel EIS, DC Water and Sewer Authority, 5000 Overlook Ave., SW, Washington, DC 20032 Following the scoping period, DC Water and the NPS will develop a reasonable range of alternatives to be analyzed in the EIS that meet the project's purpose and need. Options for implementing Green Infrastructure in conjunction with the Potomac River Tunnel are being explored in

Department of Justice
Antitrust Division

Take notice that a proposed Final Judgment has been filed in a civil antitrust case, United States of America, et al. v. Martin Marietta Materials, Inc. and Texas Industries, Inc., Civil No. 14-01079. On June 26, 2014, the United States and the State of Texas filed a Complaint alleging that the proposed acquisition by Martin Marietta Materials of the aggregate business assets of Texas Industries would violate Section 7 of the Clayton Act, 15 U.S.C. § 18. The proposed Final Judgment, filed the same time as the Complaint, requires the defendants to divest the North Troy quarry in Mill Creek, Oklahoma, one rail yard in Dallas, Texas; and one rail yard in Frisco, Texas; along with certain tangible and intangible assets. All of these assets serve parts of the Dallas, Texas area. A Competitive Impact Statement filed by the United States describes the Complaint, the proposed Final Judgment, the industry and the remedies available to private litigants who may have been injured by the alleged violation.

Copies of the Complaint, proposed Final Judgment and Competitive Impact Statement are available for inspection at the Department of Justice, Antitrust Division, Antitrust Documents Group, 450 Fifth Street, NW, Suite 1010, Washington, DC 20530 (telephone: 202-514-2481), on the Department of Justice's website at <http://www.usdoj.gov/atr>, and at the office of the Clerk of the United States District Court for the District of Columbia.

Interested persons may address comments to Maribeth Petrizzi, Chief, Litigation I Section, Antitrust Division, Department of Justice, 450 Fifth Street, NW, Suite 8700, Washington, DC 20530 (telephone: 202-307-0924), within 60 days of the date of this notice. Such comments, including the name of the submitter, and responses thereto, will be posted on the U.S. Department of Justice, Antitrust Division's internet website, filed with the Court, and, under certain circumstances, published in the Federal Register.

DONLEY'S LLC REQUEST FOR PREQUALIFIED BIDDERS FOR THE UNIVERSITIES AT SHADY GROVE PARKING GARAGE #2 PROJECT

PREQUALIFICATION APPLICATIONS DUE BY JULY 25, 2014 BY 5 PM EST

Donley's LLC, retained as the Design/Build Contractor (DBC) for the design and construction of The Universities at Shady Grove (USG) New Parking Garage #2, is seeking bids from qualified and experienced subcontractors for this project. Bidders must be prequalified to receive an invitation to bid this project.

The garage will be located at the gateway to the University of Maryland Shady Grove campus in Rockville, Maryland and will consist of 5 levels, +/- 226, 175 GSF, precast structure containing approximately 700 parking spaces.

Bid requests will be by invitation only to fully prequalified subcontractors. Available bid packages are

Bid Package 1 Construction Fencing
Bid Package 2 Sitemap & Utilities
Bid Package 3 Landscape / Hardscape

Bid Package 4 Deep Foundations
Bid Package 5 CIP Concrete
Bid Package 6 Precast Concrete
Bid Package 7 Masonry
Bid Package 8 Misc./ Ornamental Metal

Bid Package 9 Not Used
Bid Package 10 Interiors
Bid Package 11 Waterproofing
Bid Package 12 Roofing

Bid Package 13 Glass & Glazing
Bid Package 14 Facade Screening
Bid Package 15 Painting
Bid Package 16 Pavement Markings
Bid Package 17 Signage
Bid Package 18 Parking Equipment
Bid Package 19 Elevator
Bid Package 20 Fire Protection
Bid Package 21 Plumbing & HVAC
Bid Package 22 Electrical
Bid Package 23 Testing and Inspections
Bid Package 24 Site Layout & Survey

The complete Prequalification package can be downloaded from <https://app.isoft.com/services/gov/pp/5087645>. Go to Documents tab and Other Documents to download prequalification package. For interested bidders, A/E process drawings and specifications are also housed at this location. These documents are non-binding and understood to be available for informational purposes only.

The MBE participation goals for this project are 30% of the total construction work dollar amount. Sub-goals are 7% certified African American-owned businesses, 4% certified Asian American-owned businesses with the balance encompassing any other certified MBE classifications as registered with the Maryland Department of Transportation (MDOT) www.mdot.maryland.gov/MBE_Program/index.html. Complete diversity specifications and criteria for the project are also housed within the Documents section at the above referenced ISoft link.

Complete Prequalification packages will only be accepted until Friday, July 25, 2014 via email to shadygrove@donleyinc.com or CD mailed to Donley's c/o Kristie Gee, 7325 Beaufort Springs Drive, Suite 325, Richmond, VA 23225, 804-212-1868. Incomplete prequalification packages will not be reviewed or considered. All applicants will be notified of their prequalification results by email. Fully prequalified applicants will be issued an invitation to bid with bidding instructions commencing in late October with construction to begin in February, 2015. Donley's is an equal opportunity employer.

INVITATION FOR TWO STEP BIDS

Solicitation GAGA-2014-10058

DISTRICT OF COLUMBIA PUBLIC SCHOOLS OFFICE OF CONTRACTS AND ACQUISITIONS

The District of Columbia Public Schools (DCPS), Office of Contracts and Acquisitions (OCA) on behalf of the Office of Teaching and Learning (OTL), is soliciting technical proposals for the two step bids process from offerors to provide literacy tutoring to students reading six months or more below grade level, within 8 to 16 of the schools within the Chancellor's 40/40 initiative.

Solicitations will be available for pick-up on Wednesday, July 9, 2014 at 1200 First Street, N.E. Suite 1135, Washington, DC 20002, between the hours of 9:00 a.m. and 4:00 p.m. Monday through Friday. This solicitation may also be downloaded from the OCA website delineating all the details of the solicitation at: <http://dcps.dc.gov/DCPS/About-DCPS/Doing-Business-with-DCPS/Procurement>

Two step bid proposals will be accepted at DCPS/OCA on Tuesday, July 29, 2014, no later than 3:00 p.m. at the address indicated above. Sealed bids will only be requested upon evaluation and acceptance of technical proposals.

THE DISTRICT OF COLUMBIA HOUSING AUTHORITY SOLICITATION NO.: 0046-2014 General Legal Services

The District of Columbia Housing Authority (DCHA) is seeking qualified law firms to provide legal services and advice as issues arise in connection with DCHA's operations.

SOLICITATION DOCUMENTS will be available at the Issuing Office at 1133 North Capitol Street, NE, Suite 300, Administrative Services/Contracts and Procurement, Washington, DC 20002-7599, between the hours of 9:00am and 4:00pm, Monday through Friday, beginning on Monday, July 7, 2014; and on DCHA web site at www.dchousing.org

SEALED PROPOSAL RESPONSES are due to the Issuing Office by 11:00am on Monday, July 28, 2014.

Contact the Issuing Office, LaShawn Mizell-McLeod on (202) 335-1212 or by email at lmizell@dchousing.org for additional information.

dc water is life NOTICE OF PUBLIC SCOPING MEETING AND SCOPING PERIOD POTOMAC RIVER TUNNEL PROJECT WASHINGTON, DC

WHAT: The District of Columbia Water and Sewer Authority (DC Water) and the National Park Service are preparing an Environmental Impact Statement (EIS) to evaluate potential environmental impacts of the proposed Potomac River Tunnel project. The Potomac River Tunnel is a component of the DC Clean Rivers project designed primarily to control combined sewer overflows (CSOs) when the existing combined sewer system capacity is exceeded. The Potomac River Tunnel is a component of DC Water's Long Term Control Plan (LTCP) to meet court-ordered CSO control objectives and water quality standards and is being designed to comply with the requirements of the Federal Consent Decree entered into by DC Water, the District, the U.S. Department of Justice, and the U.S. Environmental Protection Agency.

DC Water will hold a public scoping meeting to share information and receive comments from the public on the Potomac River Tunnel project.

DATE: July 31, 2014

TIME: 6:00 p.m. - 8:00 p.m.

LOCATION: The Lab School of Washington
 4759 Reservoir Road NW
 Washington, DC 20007

Members of the public are invited to stop by between 6:00 p.m. and 8:00 p.m. to see displays and discuss the project with DC Clean Rivers Project staff. The meeting will include a brief welcome that will begin promptly at 6:30 p.m. For more information or for individuals requiring special assistance at the meeting, please contact Clean Rivers Community Outreach at (202) 787-4447 or by email at dcleanrivers@dcwater.com.

A public scoping period will occur from July 2, 2014 through August 31, 2014 to gather input from the public. Comments received will be reviewed and incorporated into the EIS. You may submit your comments online or by regular mail:

- 1) Online at <http://parkplanning.nps.gov/PotomacRiverTunnel>
- 2) Mail to: DC Clean Rivers Project, c/o Potomac River Tunnel EIS, DC Water and Sewer Authority, 5000 Overlook Ave., SW, Washington, DC 20032

Following the scoping period, DC Water and the NPS will develop a reasonable range of alternatives to be analyzed in the EIS that meet the project's purpose and need. Options for implementing Green Infrastructure in conjunction with the Potomac River Tunnel are being explored in coordination with EPA and the government of the District of Columbia as presented in the Long Term Control Plan Modification. Additional information on the proposed modification can be found at <http://www.dewater.com/education/green.cfm>.

PUBLIC SCOPING MEETING AND SCOPING PERIOD POTOMAC RIVER TUNNEL PROJECT WASHINGTON, DC

WHAT: The District of Columbia Water and Sewer Authority (DC Water) and the National Park Service are preparing an Environmental Impact Statement (EIS) to evaluate potential environmental impacts of the proposed Potomac River Tunnel project. The Potomac River Tunnel is a component of the DC Clean Rivers project designed primarily to control combined sewer overflows (CSOs) when the existing combined sewer system capacity is exceeded. The Potomac River Tunnel is a component of DC Water's Long Term Control Plan (LTCP) to meet court-ordered CSO control objectives and water quality standards and is being designed to comply with the requirements of the Federal Consent Decree entered into by DC Water, the District, the U.S. Department of Justice, and the U.S. Environmental Protection Agency.

DC Water will hold a public scoping meeting to share information and receive comments from the public on the Potomac River Tunnel project.

DATE: July 31, 2014
TIME: 6:00 p.m. - 8:00 p.m.
LOCATION: The Lab School of Washington
4739 Reservoir Road NW
Washington, DC 20007

Members of the public are invited to stop by between 6:00 p.m. and 8:00 p.m. to see displays and discuss the project with DC Clean Rivers Project staff. The meeting will include a brief welcome that will begin promptly at 6:30 p.m. For more information or for individuals requiring special assistance at the meeting, please contact Clean Rivers Community Outreach at (202) 787-4447 or by email at dccleanrivers@dcwater.com.

A public scoping period will occur from July 2, 2014 through August 31, 2014 to gather input from the public. Comments received will be reviewed and incorporated into the EIS. You may submit your comments online or by regular mail:

- 1) Online at <http://parkplanning.nps.gov/PotomacRiverTunnel>
- 2) Mail to: DC Clean Rivers Project, c/o Potomac River Tunnel EIS, DC Water and Sewer Authority, 5000 Overlook Ave., SW, Washington, DC 20032

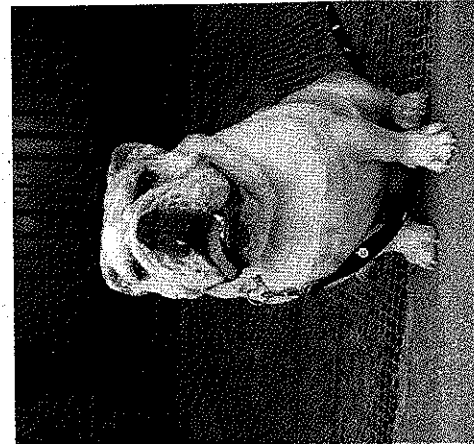

Following the scoping period, DC Water and the NPS will develop a reasonable range of alternatives to be analyzed in the EIS that meet the project's purpose and need. Options for implementing Green Infrastructure in conjunction with the Potomac River Tunnel are being explored in coordination with EPA and the government of the District of Columbia as presented in the Long Term Control Plan Modification. Additional information on the proposed modification can be found at <http://www.dewater.com/education/green.cfm>.

TOWN TOPICS

opperthite Pie Company had locations in Georgetown and Capitol Hill. It not only was the biggest pie bakery in D.C. but was one of the biggest companies in D.C.

The Connecticut-Copperthite Pie Delivery truck was restored a few months ago and is now only 119 made in 1914. The Ford Motor Company sold it to the Connecticut-Copperthite Pie Company 100 years ago. The story of the restoration of the pie truck will be told this month on the History Channel's "Counting Cars."

Loyas' Mascot, Jack, Jr., Turns 1

Jack, Jr., the bulldog, celebrated his first birthday June 29. The mascot-in-training has taken over the job of Jack the retired bulldog, who still lives on campus. Jack, Jr., also stepped in, when another mascot-in-training could not cut the rigorous public duties at Georgetown University sporting events and other attention-grabbing gigs. Nicknamed "J.J.," the lovable, little guy attended several birthday parties over the weekend.

Taste of G'Town, Sept. 13

The Taste of Georgetown will return on Sept. 13 and will be held on K Street down near Georgetown Waterfront Park. K Street will be closed between Wisconsin Avenue and Thomas Jefferson Street for the annual restaurant sampling. It is the 21th year of the food-lovers' event, which is run by the Georgetown Business Improvement District and benefits the Georgetown Ministry Center.

Now, Das Coffee We Love

Das Ethiopian Restaurant at 28th and M Streets held its Ethiopian coffee ceremony June 21 on the outside patio of the restaurant. Invited dinner guests sampled the Das Ethiopian Exclusive roasted Sidamo coffee, which was introduced to the group and is available for sale. Guests delighted in the unique coffee ceremony. After all, coffee originated in Ethiopia.

CommunityCalendar ★
