Dear Mr. Vogel:

In its meeting of 19 November, the Commission of Fine Arts approved, based on its prior review of the submission materials, the revised concept design for a new police substation facility at the National Capital Region headquarters campus, located at 1100 Ohio Drive, SW. The Commission also approved the design for exterior modifications to improve access to the regional headquarters building. The Commission delegated the review of the final designs of these projects to the staff.

The Commission appreciates the responsiveness to the comments made during the previous review. Please continue to consult with the staff in preparation of the submission of the final designs for delegated review.
