## Negotiated Rulemaking Committee Meeting

Date April 18, 2006

① Re: Minutes - Given web technology, this meeting can easily be pre-recorded & recorded in its entirety. Who saw something sooner is important, especially if someone has ulterior motives.

② Thank you for focus on consensus. Let's also strive for collaboration, not compromise.

~~1~~ Please eliminate language that restricts people to "sides". Many of the dog representatives are professional or amateur naturalists - one is a birder, one an environmental regulator, and one runs an environmental group.

In addition, many dog walkers are elderly, disabled, or have children or grandchildren. There is not one flavor of any of the people here.
