

	A	B	C
1	<b>Areas open for discussion of dog-walking: on leash (where allowed) or no dogs</b>		
2			
3			
4			
5			
6	<b>Area</b>	<b>Key Interests</b> (letters next to entries indicate who submitted - list at end of column B)	
7			
8			
9	Mori Point trails	c. Vegetation/T-E Species	
10		d. Visitor safety, dog safety, wildlife protection, wildlands access for all, preserving the NPS's unique role/mandate, access for the blind.	
11		e. Hiking, biking, running, dog walking.	
12		f. T/E species habitat, ensure positive recreational experience, safety (human and dog), minimize conflicts.	
13		g. Multi use safety, horse back riding.	
14		i. I think all of these sites are no off-leash dogs unless it can be shown that the presence of off leash dogs will have no environmental impacts, especially to wildlife.	
15			
16			
17			
18			
19	Sweeney Ridge trails	c. Vegetation/T-E Species	
20		d. Visitor safety, dog safety, wildlife protection, wildlands access for all, preserving the NPS's unique role/mandate, access for the blind.	
21		e. Hiking, biking, running, wilderness viewing.	
22		f. Aesthetics (lack of dog feces, trash, etc.), minimize conflicts.	
23		g. Multi use safety.	
24		i. I think all of these sites are no off-leash dogs unless it can be shown that the presence of off leash dogs will have no environmental impacts, especially to wildlife.	
25			
26			
27			
28			
29	Milagra Ridge trails	c. Vegetation/T-E Species	
30		d. Visitor safety, dog safety, wildlife protection, wildlands access for all, preserving the NPS's unique role/mandate, access for the blind.	
31		e. Wilderness viewing, hiking, biking, running	
32		f. Ensure positive recreational experience, unimpeded, full access to park resources, aesthetics (lack of dog feces, trash, etc.)	
33		g. Multi use safety.	
34		i. I think all of these sites are no off-leash dogs unless it can be shown that the presence of off leash dogs will have no environmental impacts, especially to wildlife.

**Cell: A9**

**Comment:** Protection of federally threatened California Red-legged frog and federally endangered San Francisco Garter Snake and their habitat

**Cell: A20**

**Comment:** Dogs are not allowed on Notch Trail to protect the federally endangered Mission Blue Butterfly habitat

**Cell: A31**

**Comment:** Protection of endangered Mission Blue Butterfly habitat, federally endangered San Bruno elfin butterfly and the federally threatened California Red-legged frog MB Butterfly habitat per NPS Parameters

**Cell: A46**

**Comment:** Protection of federally threatened Western Snowy Plover

**Cell: A58**

**Comment:** Formal landscaped area, heavily used for weddings and other events

**Cell: A69**

**Comment:** Protection of public safety and native wildlife behavior by reducing interactions between dogs and coyotes. Protection of endangered Mission Blue Butterfly habitat.

**Cell: A80**

**Comment:** Dogs not permitted on fishing pier to prevent conflicts with other uses; dogs not permitted on Chapel Trail to protect endangered Mission Blue Butterfly.

**Cell: A91**

**Comment:** On-leash dogwalking would be considered only if it can be demonstrated that any potential adverse impacts could be mitigated.
