PROJECT NAME/DESCRIPTION: Final Determination of Effect for the Washington Monument Security Screening Facility

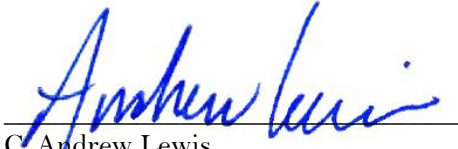

PROJECT ADDRESS/LOCATION DESCRIPTION: Washington Monument

DC SHPO PROJECT NUMBER: 10-548 and 17-0167

The DC State Historic Preservation Office (DC SHPO) has reviewed the above-referenced federal undertaking(s) in accordance with Section 106 of the National Historic Preservation Act and has determined:

- ☐ This project will have **no effect** on historic properties. No further DC SHPO review or comment will be necessary.
- ☐ There are **no historic properties** that will be affected by this project. No further DC SHPO review or comment will be necessary.
- ☐ This project will have **no adverse effect** on historic properties. No further DC SHPO review or comment will be necessary.
- ☐ This project will have **no adverse effect** on historic properties **conditioned upon** fulfillment of the measures stipulated below.
- ☒ **Other Comments / Additional Comments (see below):**

Based upon our review of the revised project plans submitted on January 6, 2017 pursuant to Stipulation 1(d) of the Memorandum of Agreement regarding the Security Screening Facility at the Washington Monument (MOA), the DC SHPO concurs that the final revisions to the new facility (attached for reference) will not create any new adverse effects or intensify any previously identified adverse effects. We also agree conducting further geoarchaeological testing in the areas where additional geothermal wells are to be inserted, and treating any newly discovered archaeological resources in accordance with Stipulation 4 of the MOA will be sufficient to address any unanticipated effects on archaeological resources. Thank you for complying with the stipulations of the MOA.
