Improvements**

New Design Raw Water Main  
and  
McKinney Treated Effluent Outfall

November, 2006

# **Table Of Contents**

## **EXECUTIVE SUMMARY**

### **1.0 INTRODUCTION**

- 1.1 The National Park Service and NEPA

### **2.0 PROJECT PURPOSE AND STATEMENT OF NEED**

- 2.1 Background
  - 2.1.1 Purpose and Significance of Chesapeake and Ohio (C&O) Canal National Historical Park
- 2.2 Purpose of the New Design Raw Water Main and McKinney Treated Effluent Outfall Project
- 2.3 Need for New Design Water Transmission Main and McKinney Treated Effluent Outfall Project
- 2.4 Separate, but Related Actions

### **3.0 ALTERNATIVES**

- 3.1 Alternative 1 – No Build Alternative
- 3.2 Alternative 2
  - 3.2.1 Alternative 2 Design Considerations
- 3.3 Alternative 3

### **4.0 AFFECTED ENVIRONMENT**

- 4.1 Wetlands
- 4.2 Waterways
- 4.3 Floodplains
- 4.4 Wildlife/Habitat
- 4.5 Rare, Threatened, Endangered, and Species of Special Concern
- 4.6 Forests
- 4.7 Cultural Resources
- 4.8 Indian Trust Resources
- 4.9 Ethnographic Resources
- 4.10 Aesthetics and Visual Resources
- 4.11 Socioeconomic Environment and Land Use
- 4.12 Community Facilities and Services
- 4.13 Environmental Justice
- 4.14 Air Quality
- 4.15 Agricultural Land
- 4.16 Soils, Geology and Topography
- 4.17 Greenways and Green Infrastructure

### **5.0 ENVIRONMENTAL CONSEQUENCES**

- 5.1 Wetlands and Streams
- 5.2 Floodplains
- 5.3 Wildlife/Habitat
- 5.4 Rare, Threatened, Endangered, and Species of Special Concern
- 5.5 Forests
- 5.6 Cultural Resources
- 5.7 Aesthetics and Visual Resources
- 5.8 Socioeconomic Environment and Land Use

## **Table Of Contents (continued)**

- 5.9 Air Quality
- 5.10 Soils, Geology, and Topography
- 5.11 Greenways and Green Infrastructure
- 5.12 Secondary Impacts and Cumulative Effects
- 5.13 Impacts to Visitor Use and Experience
- 5.14 Impacts to Park Operations
- 5.15 Agency Coordination
- 5.16 Summary of Environmental Consequences at C&O Canal National Historical Park
- 5.17 Statement of Impairment to Park Resources
- 5.18 Applicable Federal and State Regulations

### **6.0 LIST OF PREPARERS**

### **7.0 REFERENCES**

### **8.0 LIST OF ABBREVIATIONS**

### **LIST OF APPENDICES**

- Appendix A: Technical System Requirements
- Appendix B: Interagency Correspondence
- Appendix C: Statement of Findings EO 11988
- Appendix D: List of Project Reviewers

### **LIST OF TABLES**

- Table 1. Projected Water Distribution System Improvements
- Table 2. Background Data Sources
- Table 3. Environmental Consequences Matrix for C&O Canal National Historical Park

### **LIST OF FIGURES**

- Figure 1: Vicinity Map
- Figure 2: Existing and Alternative 2 Water and Sewer Infrastructure within C&O Canal National Historical Park
- Figure 3: Existing and Alternative 3 Water and Sewer Infrastructure within C&O Canal National Historical Park
- Figure 4: National Wetland Inventory Map
- Figure 5: Floodplain Map
- Figure 6: Soil Survey Map
- Figure 7: Open Cut Crossing of C&O Canal
