Re: Lincoln Memorial Rehabilitation Arlington County, Virginia and District of Columbia  
DHR File No. 2017-0621

Dear Ms. Eaton,

Thank you for contacting us regarding the Rehabilitation of the Lincoln Memorial. While the planned rehabilitation is quite extensive, there will be no changes to the western, northern or southern façades, the chamber, or the cultural landscape. Proposed changes will only affect the entry doors on the eastern façade, internal spaces, and non-contributing landscape features on the eastern side. There will be no visual impacts to the views from the George Washington Memorial Parkway, nor from the Arlington House. If you would like to receive additional information on this important project as it becomes available, we will be happy to add you to the distribution list. If you need additional information not available on our PEPC website, please feel free to contact me at [catheirne\\_dewey@nps.gov](mailto:catheirne_dewey@nps.gov) or 202-245-4711.

Sincerely,

Catherine C. Dewey  
Chief of Resource Management
