Memorandum

To: Superintendent, Lassen Volcanic National Park

From: Regional Director, Pacific West

Subject: Environmental Compliance for Replacement of Wastewater System

The *Finding of No Significant Impact* (FONSI) for replacement of the wastewater leachfield system at Drakesbad is approved.

To complete this particular conservation planning and environmental impact analysis effort, at the time when the decision is announced, the park should ensure a copy of the FONSI is made available to all individuals and organizations that received or commented on the supporting environmental assessment.

Thank you for staff efforts to include a project update in the June 2-8, 2019 Weekly Report.
