**General Management Plan,
Environmental Impact Statement,
African Burial Ground National
Monument, NY**

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of intent to prepare a General Management Plan and Environmental Impact Statement, African Burial Ground National Monument.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act (NEPA) of 1969, the National Park Service is preparing a General Management Plan and Environmental Impact Statement (GMP/EIS) for the African Burial Ground National Monument. The park comprises 0.35 acres, in Lower Manhattan, New York, NY.

Prepared by park staff and planners in the NPS Northeast Region, with assistance from advisors and consultants, the GMP/EIS will propose a long-term approach to managing the National Monument. Consistent with the site's purpose, NPS policy, and

other laws and regulations, alternatives will be developed to guide the management of the monument over the next 15 to 20 years. The alternatives will incorporate various zoning and management prescriptions to ensure resource preservation and public appreciation of the site. The environmental consequences that could result from implementing the various alternatives will be evaluated for cultural and natural resources, visitor experience, park operations, the socioeconomic environment, impairment, and carrying capacity. Major issues to be explored include resource protection, visitor experience, administration and operation, partnerships, carrying capacity and potential boundary modifications.

The public will be invited to express views about the long-term management of the National Monument early in the process through public meetings and other media; and will have an opportunity to review and comment on a draft GMP/EIS.

ADDRESSES: Information related to ongoing public involvement opportunities will be provided online at <http://www.nps.gov/afbg> and <http://parkplanning.nps.gov>. Requests to be added to the project mailing list should be directed to Tara Morrison, Superintendent, at the addresses below.

**General Management Plan/
Environmental Assessment, Finding of
No Significant Impact, for Chickasaw
National Recreation Area, Oklahoma**

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of Availability of a Finding of No Significant Impact for the General Management Plan/Environmental Assessment, Chickasaw National Recreation Area.

SUMMARY: Pursuant to 40 CFR 1501.4(e), the National Park Service has prepared, and hereby announces the availability of, a Finding of No Significant Impact for the General Management Plan/Environmental Assessment, Chickasaw National Recreation Area, Oklahoma.

The Findings of No Significant Impact includes a statement of the decision made, synopses of other alternatives considered, the basis for the decision, a description of the environmentally preferable alternative, a finding of no impairment of park resources and values, a listing of measures to minimize environmental harm, an overview of public involvement in the decision-making process, and a floodplains statement of findings.

SUPPLEMENTARY INFORMATION: The preferred alternative, Alternative B, is

the selected alternative for implementation. The primary focus of this alternative will be on improving selected natural and cultural resources while enhancing visitor facilities and interpretive opportunities. The following actions, among others, will be taken under the preferred alternative: The National Park Service will actively encourage a partnership to identify approaches to managing the Arbuckle-Simpson aquifer; the Vendome Well will be managed to reduce the discharge of groundwater when it is not being used by the public; additional preservation and protection will be provided to the cultural resources within the proposed Platt National Park Historic District; the bison pasture will be restored to prairie and a study will be completed on possibly introducing bison to the Upper Guy Sandy; improvements will be made to the Cold Springs, Central, Point, Buckhorn, and Guy Sandy campgrounds; the trails system in the Rock Creek Corridor will be upgraded; additional day use picnic shelters and shower facilities will be added to the Platt District and new restrooms and fishing dock facilities will be built at Veterans Lake, new restrooms and picnic tables will be added at Lake of the Arbuckles, and a horse camp, staging area, group campsite, and commercial operations (e.g., boat rentals and bus tours) may be provided; additional formal interpretive programs will be provided at the Travertine Nature Center; and maintenance and administrative operations will be relocated outside of the national recreation area or within the area but outside the historic district.

Two other alternatives were considered for Chickasaw National Recreation Area. Under alternative A (no action) the National Park Service would have continued to manage Chickasaw National Recreation Area as it is since the approval of the 1979 General Management Plan Supplement and the 1994 amendment. There would have been no major change in the management of Chickasaw National Recreation Area under this alternative. Management under alternative C would have focused on the protection and restoration of natural and cultural resources. There would have been fewer facilities and a narrower range of visitor opportunities, although there would have been a better opportunity to experience resources in relatively natural or recovering conditions. Some roads or trails would have been removed and revegetated. Some new facilities would have been built, but generally they would have been placed

outside Chickasaw National Recreation Area or in previously developed areas.

ADDRESSES: The Finding of No Significant Impact will be available for public review for 30 days online at <http://parkplanning.nps.gov/chic> and in the office of the Superintendent, 1008 West Second Street, Sulphur, OK 73086, (580) 622-3161.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-1110 (Final)]

Notice of Commission Determination to Conduct a Portion of the Hearing In Camera

AGENCY: U.S. International Trade Commission.

ACTION: Closure of a portion of a Commission hearing.

SUMMARY: Upon request of Chinese producer, Hubei Xingfa Chemical Group Company, Ltd. (Xingfa), the Commission has determined to conduct a portion of its hearing in the above-captioned investigation scheduled for January 24, 2008, *in camera*. See Commission rules 207.24(d), 201.13(m) and 201.36(b)(4) (19 CFR 207.24(d), 201.13(m) and 201.36(b)(4)). The remainder of the hearing will be open to the public. The Commission has determined that the seven-day advance notice of the change to a meeting was not possible. See Commission rule 201.35(a), (c)(1) (19 CFR 201.35(a), (c)(1)).

FOR FURTHER INFORMATION CONTACT:

Robin L. Turner, Esq., Office of the General Counsel, United States International Trade Commission, 202-205-3103. Hearing-impaired individuals are advised that information on this matter may be obtained by contacting the Commission's TDD terminal on 202-205-3105.

SUPPLEMENTARY INFORMATION: The Commission believes that Xingfa has justified the need for a closed session. In this review, significant data for the domestic and foreign producers and subject imports are business proprietary. Xingfa seeks a closed session in order to fully address the issues before the Commission without referring to business proprietary information. In making this decision, the Commission nevertheless reaffirms its belief that
