Good afternoon,

The Alaska State Historic Preservation Office (AK SHPO) received your correspondence (dated July 23, 2020) concerning the subject project on July 29, 2020. Following our review of the documentation provided, we concur with the finding of No Historic Properties Adversely Affected. Please note that our office may need to re-evaluate our concurrence if changes are made to the project's scope or design.

As stipulated in 36 CFR 800.3, other consulting parties such as the local government and Tribes are required to be notified of the undertaking. Additional information provided by the local government, Tribes, or other consulting parties may cause our office to re-evaluate our comments and recommendations. Please note that our response does not end the 30-day review period provided to other consulting parties. Should unidentified archaeological resources be discovered in the course of the project, work must be interrupted until the resources have been evaluated in terms of the National Register of Historic Places eligibility criteria (36 CFR 60.4), in consultation with our office. Please note that some sites can be deeply buried and that fossils are considered cultural resources subject to the Alaska Historic Preservation Act.

Thank you for the opportunity to comment. Please contact me if you have any questions or if we can be of further assistance.

Best,
Sarah

Hi Sarah, please find attached the Cover Sheet, updated report (2020-DENA-023), and letter for this project. The Park decided they want to go a different direction so we're resubmitting with the updated project information. Please let me know if you have any questions.

Thanks,

Phoebe
