

Comment Form

During this initial “scoping” phase of the Cave Management Plan (CMP), we would like to know what you feel are important issues and topics as we begin planning and setting priorities for the long-term future of caves in Lava Beds National Monument. Below are some questions to help you. You may fill out this comment form and mail it back to us or you may send us a separate letter with your comments or fill it out electronically through Lava Beds’s planning web site at <http://parkplanning.nps.gov/labe> or you may. The scoping period will extend through **July 7, 2008**. We hope that you will remain involved with planning for the future of Lava Beds National Monument.

What do you value most about caves at Lava Beds National Monument?

If you have visited caves at Lava Beds National Monument, what did you enjoy **most** about your visit?

If you have visited caves at Lava Beds National Monument, what did you enjoy **least** about your visit?

What are the most important ideas or concerns that you would like the Cave Management Plan to address?

What do you want Lava Beds’s caves to be like in the future? Imagine yourself visiting the park in 20 years.

Are there any other concerns or comments regarding cave management at Lava Beds that you wish to provide?

You may use the space at the back of this form or a separate sheet of paper to share other thoughts or ideas →

- I would like to be placed on the mailing list for the cave management planning effort.
- I would like to be taken off of the mailing list.
- The address you have is incorrect. Please change it to the following:

Name: _____

Address: _____

City, State, Zip: _____

E-mail: _____

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment – including your personal identifying information – may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
