Project: Upgrade Round Spring Wastewater Treatment Plant

PIN: 21298

Date: December 30, 2008

Describe project, including location (reference the attached Environmental Screening Form, if appropriate), and list any mitigations:

Project Description: The existing wastewater treatment plant at Round Spring is not working at capacity. Based on the recommendation of an engineering consultant upgrades and repairs are needed to correct structural deficiencies. Based on the engineer's study the park proposes to address the following significant items: 1) Removal and replacement of existing laboratory building. 2) Removal and replacement of existing raw waste pump station. 3) Construction of new blower building currently housed in laboratory building. 4) Repair to existing concrete basins. This includes any minor miscellaneous work to complete project identified in HDR Engineering project design No. 134-074030-004. All proposed rehabilitation and construction will be contained within the existing developed area and outside the 100 year floodplain.

Project Locations:

Location

County: Shannon County

State: MO

District:

Section: Section 17, T30N, R4W

Geo. Marker:

Other:

(See Attached Environmental Screening Form)

Mitigation(s):

- No mitigations identified

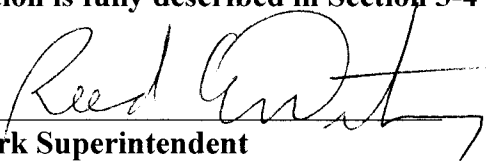

Describe the category used to exclude action from further NEPA analysis and indicate the number of the category (see Section 3-4 of DO-12):

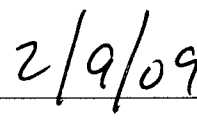

C.8. Replacement in-kind of minor structures and facilities with little or no change in location, capacity, or appearance--for example, comfort stations, pit toilets, fences, kiosks, signs, and campfire circles.

Describe any public or agency involvement effort conducted (reference the attached ESF):

(See Attached Environmental Screening Form)

On the basis of the environmental impact information in the statutory compliance file, with which I am familiar, I am categorically excluding the described project from further NEPA analysis. No exceptional circumstances (e.g. all boxes in the ESF are marked "no") or conditions in Section 3-6 apply, and the action is fully described in Section 3-4 of DO-12.
