

Install new sign on CA-190 that states the area does not have water.
Install a new gate at the junction of CA-190 and Mosaic Canyon Road.

Consider a range of potential surface treatments to improve Mosaic Canyon Road.

Vault Toilet

Realign the road where it connects to the parking area.
Grade and resurface the parking lot with the same surface treatment as the road.
Delineate parking spaces.

Install a vault toilet and provide visitor information signs with appropriate safety messages in locations determined in the design phase.

 New Construction
