

Sequoia and Kings Canyon National Parks

National Park Service
U.S. Department of the Interior

Sequoia and Kings Canyon National Parks need YOUR input!

Sequoia and Kings Canyon National Parks are initiating a planning process to address visitor access and travel to and within developed areas of the parks. We can't continue this process without your perspective. We are seeking your feedback to help identify key issues and ways to improve your access and experience.

We want to hear from you!

1. What experiences in Sequoia and Kings Canyon National Parks do you find most important?
2. What issues most interfere with your ability to access and get the most out of your experiences in the parks?
3. What can the park do to better address these barriers?
4. What is the park doing well to manage these issues that you would like to see continue?

How to get involved: Visit <https://parkplanning.nps.gov/SEKIFrontcountry> between November 17th and January 17th to learn more about this planning process and submit your input or scan this QR code.
