- Microphones are muted
- Teams Navigation

- Welcome
- Tribal Land Acknowledgement
- Introductions
- Meeting Purpose
- Presentation of Schematic Design Alternatives
- Next Steps
- Q & A
- Wrap Up/Closing Remarks

Let us begin by acknowledging that we are in the territory of many Indigenous peoples that have known the Potomac Valley and its lands and waters as their homeland for thousands of years to the present day, including Algonquin, Iroquois, and Siouan peoples.

We continue to build on our engagement with traditionally associated Native American communities to identify all of the different connections with these lands held by many Native Nations. Together we recognize the Native Nations' past, present, and future unbroken and unbreakable connections to these lands. We honor the resilience and perseverance of these Nations even as colonizers claimed this land as their own.

Introductions

- State Historic Preservation Office
