Public comments were collected and considered throughout the scoping and planning process for the Wireless Communications Services Plan Environmental Assessment (EA). In lieu of public meetings, the NPS provides this annual report, available to the public, which includes; a list of proposals received/reviewed by the Wireless Telecommunications Committee (WTC), recommendations from the WTC to the Superintendent, action taken by the Superintendent, and a summary of each proposal. The Committee consists of four representatives from Park Planning, Resource Management, and Telecommunications and is led by the Supervisory Telecommunications Specialist.

## Summary of Proposals Received:

### 1: Access Parks – Wi-Fi for Administrative use at Xanterra Parks & Resorts locations

AccessParks proposed to install and operate Wi-Fi equipment for Xanterra Parks and Resorts for business, employee, and visitor use at these locations: Employee dormitories, Mammoth Hotel, Mammoth Restaurant, Lake Hotel Annex, Lake Lodge, Grant Lodges, Grant Registration Building, Grant Restaurant, Canyon Lodges and Registration. The committee determined that the requests were consistent with Yellowstone’s Wireless Communications Services Plan.
