Memorandum

To: Brian Martin

From: Acting Superintendent, Yosemite National Park

Subject: NEPA and NHPA Clearance: 2008-106 Yosemite Valley Storage Buildings 521 & 534 and the Foresta Brandt Cabin- Raze (23092)

The Management Team has reviewed the proposed project/action and completed its environmental assessment documentation, and we have determined that there:

- Will not be any effect on threatened, endangered, or rare species and/or their critical habitat.
- Will not be any effect on historical, cultural, or archeological resources.
- Will not be serious or long-term undesirable environmental or visual effects.

The subject proposed project, therefore, is now cleared for all NEPA and NHPA compliance requirements as presented above. Project plans and specifications are approved and construction and/or project implementation can commence.

For the proposed project actions to be within compliance requirements during construction and/or project implementation, the following mitigations must be adhered to:

- No mitigations identified.

Project: 2008-106 Yosemite Valley Storage Buildings 521 & 534 and the Foresta Brandt Cabin- Raze

PIN: 23092

Date: May 18, 2010

Project Description: This project involves demolition of two small storage buildings located immediately north of Tenaya Way in the vicinity of Building 527 (the Fort) in Yosemite Valley and the Brandt Cabin located in Foresta, Lot 18, Block 27, 1190 Lyell Way. All building and residential debris will be removed from the sites and properly disposed. Any site safety hazards will be properly remediated.

Storage Building 521: estimated construction, 1916 wood frame structure; 174 square feet. Storage Building 534: estimated year of contraction, 1916 wood frame structure; 123 square feet. These structures are currently in very poor condition. The foundations are minimal, which has led to settling and shifting. The structures are leaning and may be near collapse. The siding is badly deteriorated and the steps and landings are unsafe. The corrugated metal roofs are badly corroded. The minimal electrical wiring is not to code.

Brandt Cabin has an estimated year of construction of 1940, wood frame construction, 475 square feet. This structure is currently in very poor condition. The foundation is minimal, which has led to settling and shifting. Most of the roofing material is missing, so there is extensive interior water damage. Some of the exterior siding is missing and none of the siding has a finish to prevent damage. The electrical system has many code violations and obviously been pieced together. There is no interior waste water plumbing and no visible water supply. An outhouse served as the toilet facility.

Buildings 521 and 534 were listed as non-contributing structures in the 2005 Yosemite Valley National Register Historic district. Both will be documented prior to removal. A Determination of Eligibility is attached to this document for the Brandt cabin, and demolition will proceed only because the building has been determined ineligible for the national register.

The Park Historical Architect and Archeologist have been contacted and determinations are forthcoming.

Buildings 521 and 534 were listed as non-contributing structures in the 2005 Yosemite Valley National Register Historic district. Both will be documented prior to removal.

Project Location:
Mariposa County, CA

Mitigations:

- No mitigations identified.

Describe the category used to exclude action from further NEPA analysis and indicate the number of the category (see Section 3-4 of DO-12):

E.4. Removal of non-historic materials and structures in order to restore natural conditions when the removal has no potential for environmental impacts, including impacts to cultural landscapes or archeological resources.

On the basis of the environmental impact information in the statutory compliance file, with which I am familiar, I am categorically excluding the described project from further NEPA analysis. No exceptional circumstances (e.g. all boxes in the ESF are marked "no") or conditions in Section 3-6 apply, and the action is fully described in Section 3-4 of DO-12.

D. MANDATORY CRITERIA

Mandatory Criteria: If implemented, would the proposal:	Yes	No	N/A	Comment or Data Needed to Determine
A. Have significant impacts on public health or safety?		X		
B. Have significant impacts on such natural resources and unique geographic characteristics as historic or cultural resources; park, recreation, or refuge lands; wilderness areas; wild or scenic rivers; national natural landmarks; sole or principal drinking water aquifers; prime farmlands; wetlands (Executive Order 11990); floodplains (Executive Order 11988); national monuments; migratory birds; and other ecologically significant or critical areas?		X		
C. Have highly controversial environmental effects or involve unresolved conflicts concerning alternative uses of available resources (NEPA section 102(2)(E))?		X		
D. Have highly uncertain and potentially significant environmental effects or involve unique or unknown environmental risks?		X		
E. Establish a precedent for future action or represent a decision in principle about future actions with potentially significant environmental effects?		X		
F. Have a direct relationship to other actions with individually insignificant, but cumulatively significant, environmental effects?		X		
G. Have significant impacts on properties listed or eligible for listing on the National Register of Historic Places, as		X		

determined by either the bureau or office?				
H. Have significant impacts on species listed or proposed to be listed on the List of Endangered or Threatened Species, or have significant impacts on designated Critical Habitat for these species?		X		
I. Violate a federal law, or a state, local, or tribal law or requirement imposed for the protection of the environment?		X		
J. Have a disproportionately high and adverse effect on low income or minority populations (Executive Order 12898)?		X		
K. Limit access to and ceremonial use of Indian sacred sites on federal lands by Indian religious practitioners or significantly adversely affect the physical integrity of such sacred sites (Executive Order 13007)?		X		
L. Contribute to the introduction, continued existence, or spread of noxious weeds or non-native invasive species known to occur in the area or actions that may promote the introduction, growth, or expansion of the range of such species (Federal Noxious Weed Control Act and Executive Order 13112)?		X		

For the purpose of interpreting these procedures within the NPS, any action that has the potential to violate the NPS Organic Act by impairing park resources or values would constitute an action that triggers the DOI exception for actions that threaten to violate a federal law for protection of the environment.

E. OTHER INFORMATION

Are personnel preparing this form familiar with the site? **Yes**

Did personnel conduct a site visit? **No**

Is the project in an approved plan such as a General Management Plan or an Implementation Plan with an accompanying NEPA document? **No**

Are there any interested or affected agencies or parties? **No**

Has consultation with all affected agencies or tribes been completed? **No**

Are there any connected, cumulative, or similar actions as part of the proposed action? (e.g., other development projects in area or identified in GMP, adequate/available utilities to accomplish project)? **No**

ASSESSMENT OF ACTIONS HAVING AN EFFECT ON CULTURAL RESOURCES

A. DESCRIPTION OF UNDERTAKING

1. Park: **Yosemite NP** Park District: **Yosemite Valley and Foresta**

2. Project Description:

a. Project Name: **2008-106 Yosemite Valley Storage Buildings 521 & 534 and the Foresta Brandt Cabin- Raze** Date: **May 27, 2009** PEPC project ID no. **23092**

b. Describe project and area of potential effects (as defined in 36 CFR 800.2[c])

This project involves demolition of two small storage buildings located immediately north of Tenaya Way in the vicinity of Building 527 (the Fort) in Yosemite Valley and the Brandt Cabin located in Foresta, Lot 18, Block 27, 1190 Lyell Way. All building and residential debris will be removed from the sites and properly disposed. Any site safety hazards will be properly remediated.

Storage Building 521: estimated construction, 1916 wood frame structure; 174 square feet. Storage Building 534: estimated year of contraction, 1916 wood frame structure; 123 square feet. These structures are currently in very poor condition. The foundations are minimal, which has led to settling and shifting. The structures are leaning and may be near collapse. The siding is badly deteriorated and the steps and landings are unsafe. The corrugated metal roofs are badly corroded. The minimal electrical wiring is not to code.

Brandt Cabin has an estimated year of construction of 1940, wood frame construction, 475 square feet. This structure is currently in very poor condition. The foundation is minimal, which has led to settling and shifting. Most of the roofing material is missing, so there is extensive interior water damage. Some of the exterior siding is missing and none of the siding has a finish to prevent damage. The electrical system has many code violations and obviously been pieced together. There is no interior waste water plumbing and no visible water supply. An outhouse served as the toilet facility.

Buildings 521 and 534 were listed as non-contributing structures in the 2005 Yosemite Valley National Register Historic district. Both will be documented prior to removal. A Determination of Eligibility is attached to this document for the Brandt cabin, and demolition will proceed only because the building has been determined ineligible for the national register.

The Park Historical Architect and Archeologist have been contacted and determinations are forthcoming.

Buildings 521 and 534 were listed as non-contributing structures in the 2005 Yosemite Valley National Register Historic district. Both will be documented prior to removal.

3. Has the area of potential effects been surveyed to identify cultural resources?

☐ No

☒ Yes, Source or reference: **Foresta-Big Meadow Archeological District; Yosemite Valley Archeological District; Yosemite Valley Historic District. El Portal-Foresta American Indian Traditional Use Area.**

☐ Check here if no known cultural resources will be affected. (If this is because area has been disturbed, please explain or attach additional information to show the disturbance was so extensive as to preclude intact cultural deposits.)

4. Potentially Affected Resource(s):

Ethnographic resources affected?

Name and number(s): **El Portal-Foresta American Indian Traditional Cultural Property**

NR status: **8 - Within a Register-eligible district**

5. The proposed action will: (check as many as apply)

☒ **No** Destroy, remove, or alter features/elements from a historic structure

☒ **No** Replace historic features/elements in kind

☒ **No** Add non-historic features/elements to a historic structure

☒ **No** Alter or remove features/elements of a historic setting or environment (inc. terrain)

☒ **No** Add non-historic features/elements (inc. visual, audible, or atmospheric) to a historic setting or cultural landscape

☒ **No** Disturb, destroy, or make archeological resources inaccessible

☒ **No** Disturb, destroy, or make ethnographic resources inaccessible

☒ **No** Potentially affect presently unidentified cultural resources

☐ Begin or contribute to deterioration of historic features, terrain, setting, landscape elements, or archeological or ethnographic resources

☒ **No** Involve a real property transaction (exchange, sale, or lease of land or structures)

☐ Other (please specify)

6. Measures to prevent or minimize loss or impairment of historic/prehistoric properties:
(Remember that setting, location, and use may be relevant.)

No Assessment of Effect mitigations identified.

7. Supporting Study Data:

(Attach if feasible; if action is in a plan, EA or EIS, give name and project or page number.)

Brandt Cabin Evaluation of National Register Eligibility. The building is found not eligible for listing on the National Register.
