- ☐ Please note corrections to my name or address (attach mailing label if possible)
- ☐ Please remove my name from the contact list.

Comment Form

Big Thicket National Preserve

Newsletter 2

October 2010

National Park Service
U.S. Department of the Interior

We would like to hear your thoughts on the following questions. Feel free to attach additional sheets as needed. If you prefer, you can comment online at <http://parkplanning.nps.gov/bithgmp>.

Your responses will be most helpful if you tell us why you liked or disliked an alternative. Please submit your comments by December 30, 2010.

Keep in mind that the alternatives do not specify actions and strategies in detail and are intended to be broad in nature. It is possible that you may like some but not all the elements of one alternative concept, or you may feel that there are strengths in various action alternatives and the best management strategy would be to combine them. Maybe you have an entirely different vision that would address the Big Thicket National Preserve's planning issues. It would be most helpful to the planning team to understand the reasons for your likes and dislikes. With your comments we can reevaluate the alternatives and modify them as necessary to help us formulate the best possible future direction for the Big Thicket National Preserve.

1. Which ideas in each of the draft alternatives do you feel strongly should be included in the general management plan?

Alternative 1: _____

Alternative 2: _____

Alternative 3: _____

Alternative 4: _____

2. Which ideas in each of the draft alternatives would you eliminate?

Alternative 1: _____

Alternative 2: _____

Alternative 3: _____

Alternative 4: _____

3. List any important strategies, approaches, or elements (including themes) that you feel have been missed or overlooked and should be considered in the general management plan.

4. Do you have any other comments or concerns you would like the planning team to take into consideration?
